Over Three Hundred of Florida's Finest Citizens
Have Remembered The Children's Home Society of Florida

In Their Wills

Over a Million and a Quarter Dollars have been Bequeathed to
Help "Florida's Greatest Charity" serve "Florida's
Needy Childhood."

DURING 1950 A TOTAL OF \$50,775.78 WAS PAID TO THE SOCIETY FROM WILLS, ESTATES AND BEQUESTS.

☆ ☆ ☆ ☆

DURING 1950 *three new bequests* for approximately one hundred thousand dollars each were recorded, which we have every right to believe will be paid in the reasonably near future.

☆ ☆ ☆ ☆

EVERY BEQUEST to the Children's Home Society of Florida is a *wonderful testimonial* of confidence in its officers, Directors and staff of workers in all parts of the State.

"Hi, Daddy."

Just one of the more than 56,000 little ones already cared for.

WE HONESTLY BELIEVE that there is no other charitable agency or institution in *all the world* through which *your money* could possibly accomplish a *greater or more lasting service* than in the placement of utterly homeless, helpless, hopeless and destitute little children in carefully selected adoptive homes of permanent love, care, affection, education and opportunity, through the State-wide, non-sectarian child placing services of The Children's Home Society of Florida, which has its State Headquarters offices at 1649 Osceola Street, Jacksonville, with Divisions at Miami, Pensacola, Lakeland and Orlando. You may name the *Division* through which *you desire your funds* to be used, knowing that the terms of *your will* will be carried out *with complete fidelity*.

Please make provision in your will
for "Florida's Greatest Charity" TODAY.

"What hath *this day* deserved?
What hath it done?
That it in 'Golden Letters'
Should be set among the
'High Tides' in the calendar?"

—WILLIAM SHAKESPEARE,
in *King John*.

"This day" in this report covers not only the year of Nineteen Hundred and Fifty, but includes the forty and more years of service by "Florida's Greatest Charity," the Children's Home Society of Florida, from September the Fifteenth, Nineteen Hundred and Ten to September the Fifteenth, Nineteen Hundred and Fifty.

*"The future of the United States of America
and the entire world rests with its children."*

DO ANNUAL REPORTS PAY?

They *certainly* do! For example the Home Society has received during the past year notice of three large bequests (to be paid in the reasonably near future) these bequests having been made as a direct result of the publication in the Annual Report of the Society each year of THE PERPETUAL HONOR ROLL of Bequests received since 1911.

These bequests would pay for all the Annual Reports published in a century.

Then, too, the Society feels that its contributors have a right to expect a report of services rendered, as well as a financial report, audited by certified public accountants each year.

BEING THE FORTY EIGHTH ANNUAL REPORT OF THE Children's Home Society of Florida

"Florida's Greatest Charity"

whose State Headquarters are at 1649 Osceola Street, Jacksonville, Florida

COME TO SEE US.

Your New President

S. Kendrick Guernsey

of Jacksonville and Florida

Some Interesting Information:

S. Kendrick Guernsey is Executive Vice President of Gulf Life Insurance Company of Jacksonville, Florida. He was born in Orlando, Florida, and was graduated from the University of Pennsylvania. After serving as an officer in the U. S. Army in World War I, he was engaged for many years in the real estate and investment business in Orlando, where he was President of the Chamber of Commerce, Chairman of the County School Board, and Director of the Boy Scouts and the YMCA.

Mr. Guernsey was a charter member of the Rotary Club of Orlando, which was organized in 1920, is a Past President of that Club, and is now a member of the Rotary Club of Jacksonville. He has served Rotary International as President (in 1947-48), Vice President, Director, District Governor, and as committee chairman and member. He is a Trustee of the Rotary Foundation for 1948-53 and served as Chairman of the Trustees for 1949-50, and is a member of the Finance Committee of Rotary International.

He has been awarded an honorary degree of Doctor of Laws by Rollins College in Winter Park, Florida, U.S.A., and has been decorated with the Cuban Order of Merit of Carlos Manuel de Cespedes, the Brazilian Cruzeiro do Sul, the Dominican Republic Order of Cristobal Colon, and the French Legion of Honor. He is a member of Phi Kappa Psi college fraternity, and is an honorary member of the national business fraternity, Beta Gamma Sigma.

Mr. Guernsey has been active in boys' work for many years, and has been Secretary of the National Boys and Girls Week Committee for the U.S.A. since 1933. He has served as Chairman of the Florida Citizens Committee on Education, Florida Vice Chairman of the American Life Convention, and as a member of the State Highway Commission. He is now a Director of the Florida State Chamber of Commerce. During World War II he was Florida State Presi-

dent of the United Service Organization. In Jacksonville he is a Director of the Children's Home Society, Boy Scouts, and the Y.M.C.A., and is active in numerous other civic organizations.

Your new President writes as follows:

(This letter was sent to all officers, Directors, Staffs of Physicians and Dentists, and Woman's Advisory Board members, throughout the State. MCF)

MY FIRST ACTIVITY in assuming the Presidency of the Children's Home Society is to write to you men and women in key positions who have on your hearts and minds the services the Children's Home Society can render in your particular area of Florida.

I want you to know with what humility I undertake this task. And how earnestly I am pleading for your assistance and your suggestions. In my own business my door is always open to all including the newest employee. In

this new undertaking my door is equally wide.

There is no opportunity in the world greater than that afforded you and me in serving the underprivileged children of our state. And with the knowledge that our beloved Marcus Fagg will be at my right hand, and you officers and Directors throughout the state at my left, I have the confidence that the Society can go on to even greater measures of service.

It is my privilege to know most of you who are so ably serving, and I shall hope that in the

near future I may have the opportunity for a closer acquaintance with all. Please be good enough to consider yourself an unofficial adviser to your President. And whenever you have a thought for the benefit of the Society or those whom we serve, please know that it will be most welcome.

Many problems confront us. All may be likened to growing pains. It will require the

composite thinking of all of us to solve them wisely. Our organization is strong. Our financial position is good. We have the most excellent professional and non-professional personnel to be found. Our future is bright. May I depend upon your continued interest, and ever increasing assistance?

Sincerely yours,
S. Kendrick Guernsey

Your State Superintendent is "Dee-lighted"

KEN GUERNSEY, as everybody knows the new and sixth President of the Children's Home Society of Florida, has very greatly honored the Society, all of its officers, Directors, Sponsors, staff of workers, and many thousands of contributors and friends by accepting the high office and great responsibilities as our new President.

In my judgment nothing quite so important and encouraging has happened to the Society since it was organized, for I am certain that under the wise counsel, dynamic leadership, wide acquaintance, friendly spirit, genial personality, outstanding abilities, fine character and integrity, and indomitable spirit of service of our new President, the work of the Society will move forward to a larger and more effective service than in any previous period.

Ken Guernsey has been a loyal and never-ceasing "booster" for the Society for more than twenty-five years. He believes in the organization with all his heart. He has the complete

confidence of everybody officially connected with our work, as well as our entire staff of workers. As an active member of the State Board of Directors he has become thoroughly familiar with the Society, its program of service, its policies and plans for the future.

I am personally pleased beyond words, and shall be honored and will consider it a great privilege to work under Ken's capable leadership. And don't forget that Ken has the finest wife and loveliest daughters that could bless any home. They believe in the Home Society, too!

I know that everybody interested in the Society and its outstanding program of service to Florida's children in distress and need will gladly co-operate with our new President in every way possible.

Enthusiastically and happily,

Marcus C. "Daddy" Fagg
State Superintendent for over forty years.

Work

*If we work upon marble, it will perish;
If we work upon brass, time will efface it;
If we rear temples, they will crumble into dust;
But if we work upon immortal souls;
If we imbue them with principles,
With the just fear of God and love of fellow men,
We engrave on these tablets,
Something which will brighten all eternity.*

—DANIEL WEBSTER.

"What hath this day done?"

What hath this day deserved? What hath it done, that it in "Golden Letters" should be set among the "High Tides" in the calendar?"

SHAKESPEARE, in *King John*

His first birthday cake. With one candle, a token of "This Day" of forty years of service by a truly great child placing agency.

Counting "this day" as meaning the past "forty years" and more, perhaps our record of service may justify the feeling that we deserve to have a place in the "high tides" of Florida's record of services to needy children.

And when we say "we" you should recall the services of every State and Division officer, Director, Sponsor, member of the five wonderful Woman's Advisory Boards, members of the five Division Staffs of Physicians and Dentists, the officers and staffs of the many fine hospitals, the Society's own devoted and capable staff of workers in our offices, Receiving Homes and casework services. Practically every newspaper in Florida, over a half million contributors through Community Chests, business firms, churches and church organizations of every denomination, civic and woman's organizations, lodges, fraternal and patriotic groups, young peoples' organizations, public schools. The donors of services, of articles other than cash, the railroads, the bus lines, the radio stations, growers, farmers and shippers; in fact, all those who have in any way aided the Society in its truly great record of service to Florida's needy childhood.

Adoptive Families in a Special Group

In a special group we desire to mention the thousands of adoptive families, who have provided permanent and very wonderful family homes of love, care, affection, education, and a real opportunity to know

life as God intended for each and every child, for without these choice families the Society could not have accomplished much. Foster boarding homes have helped very greatly, too.

Then, too, we desire to mention the Courts, Welfare Boards, welfare, health and recreation agencies, the Federal, State, County, City and Town officials who have co-operated so fully during all the years — and many, many others.

And so you see our "we" includes *you* and *countless others* — in every city, town and hamlet in the entire State.

*And now, What hath "this day"
(these forty years) done?*

It would take a book of many pages to record all the many and varied services that "we" and "you" and others have rendered through the years to well over fifty-six thousand Florida children in need and distress, children who were homeless, helpless, and hopeless, children of all ages from wee babies to sixteen years of age, of every creed and belief, referred for aid, care, study and supervision, medical, dental, hospital and other much needed services, from every nook and corner of all of Florida.

"For each Child — the Care He Needs"

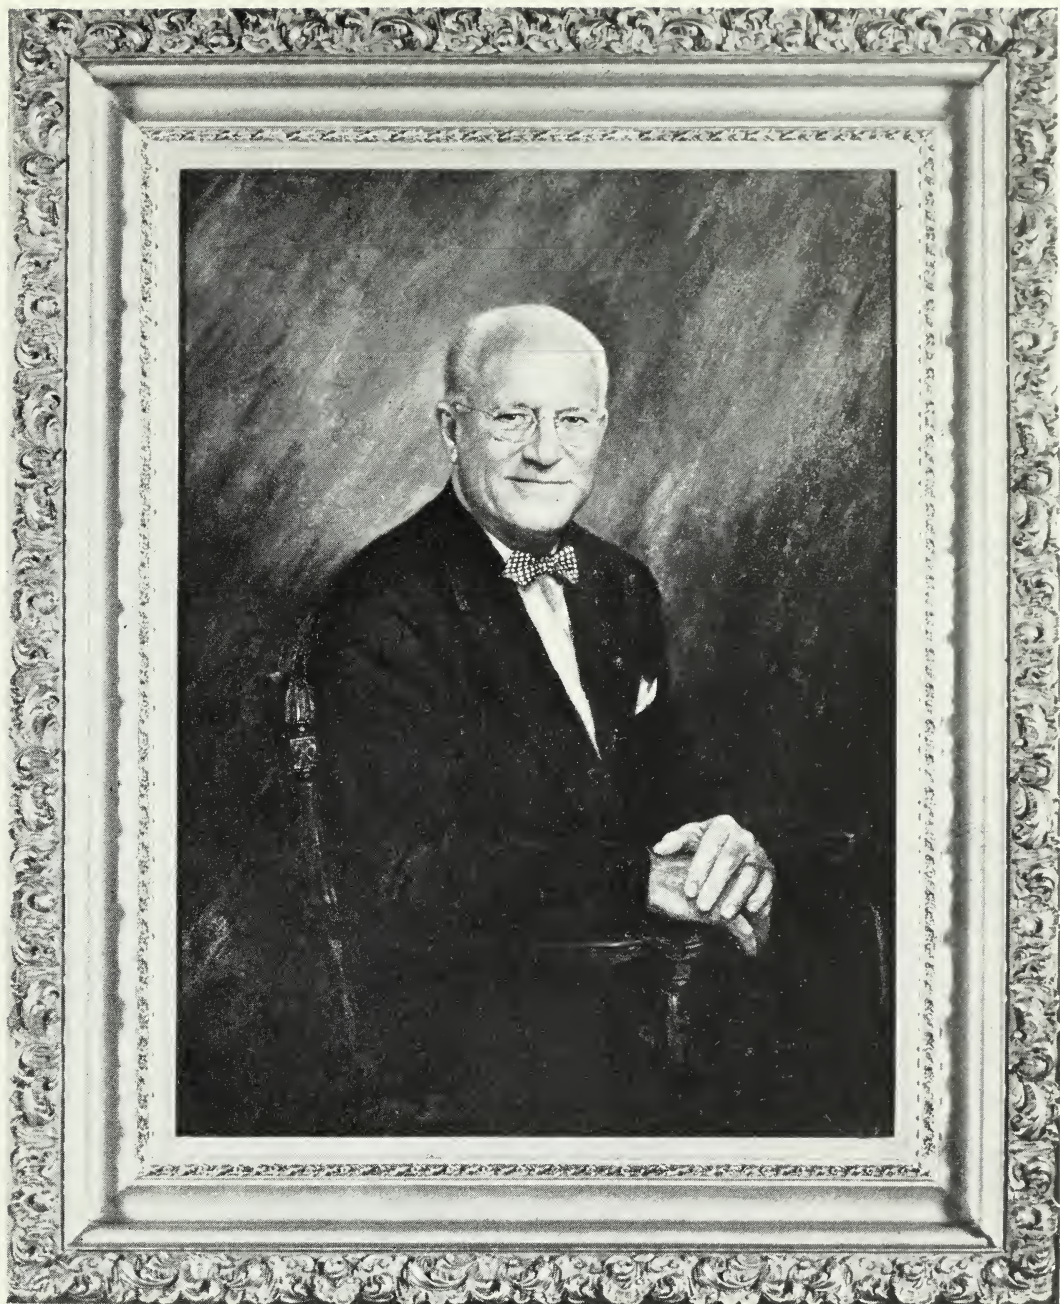

This has been our aim and purpose always. We wish that space would permit us to tell of every service to every child in need. This cannot be done, but we can honestly state that we have sincerely endeavored to render that particular service that would best and most completely meet the individual needs of each and every child.

Child Placing Has Been our Chief Function

The Society was organized in November, 1902, forty eight years ago, as a State-wide, non-sectarian child placing agency, its chief purpose always to be that of finding a carefully selected permanent adoptive home for every child that had lost its own home and parents *permanently*. We believe that we have performed this great and lasting service to several thousand children carefully and successfully. Thousands of childless families would gladly tell of the unbounded joy that has come to them through this most important of the Society's services. No one can ever truly measure the helpful results of these adoptive placements.

Temporary Shelter Care Services

Thousands of children, most of them referred by Courts and other Welfare Agencies, have been given helpful care in our four delightful Receiving Homes in Jacksonville, Lakeland, Miami and Pensacola, and through our fine foster family boarding homes, while more permanent plans were being developed. We will not try to outline all the other services, but we know that through the study, counsel and helpful advice of our trained and experienced workers, hundreds of family homes have been kept together successfully, our aim always being to render a truly helpful, preventive and constructive service for every child.

Your State Superintendent
Marcus C. "Daddy" Fagg
1910 to 1950

ONE OF the many kindly courtesies extended by the State and Division Boards of Directors, and the Woman's Advisory Boards of the Society throughout the State was their personal and very generous gift of two excellent portraits of your State Superintendent, one for the Society, which hangs in the hall of the new Receiving Home Administration Building, the other for the Fagg family. The distinguished artist is Mrs. Kitty Doyle Ford McGeehee of Memphis and Jacksonville. They are both deeply appreciated.

1950
The Most Notable Year
in the
Forty-Eight Years of Service
of "FLORIDA'S GREATEST CHARITY"
THE CHILDREN'S HOME SOCIETY OF FLORIDA.

*Some of the factors in making
1950 the most notable of all
years were:*

- ☆ The rendering of outstanding services to 1,546 Florida children in need and distress.
- ☆ The three largest bequests ever made to the Society in any one year. We hope and believe that these bequests will be paid within the next year or two.
- ☆ The completion and occupation of the four new Children's Receiving Home buildings, which give to the Home Society in Florida, the finest, most modern, most adequate, most attractive Receiving Homes in the entire South, perhaps in the Nation.
- ☆ These wonderful new buildings and equipment, including an artesian well, a fine new fence around the entire sixteen-acre tract, a garage, a sprinkler system covering the entire acreage, roads, walks, landscaping and beautification, *were all paid for in full* as a result of the New Building Campaign for \$450,000.00 conducted entirely by direct letters of appeal, newspaper and radio appeals, arranged and successfully completed under the personal direction of the Society's State Superintendent and the fine staff of workers.
- ☆ A total of \$463,000.00 was received in bequests, cash, securities and pledges, *all* but \$744.00 of which has been paid.
- ☆ The employment of several of the finest professional child welfare workers in America, with outstanding backgrounds of education, training and experience in the child placing field, giving the Society a wonderfully fine casework staff.
- ☆ The development of new plans for a bigger and better service to Florida's less-chanced children in future years.
- ☆ Plans were developed for a new modern fireproof cottage-plan Receiving Home at Lakeland, to be erected soon, we hope.
- ☆ The completion of forty years of devoted service by your State Superintendent, Marcus Charles Fagg, on September 15, 1950.

Many Accomplishments and Services are Recorded for the Year 1950

- Fifteen Hundred and Forty Six* homeless, neglected, mistreated and destitute Florida children of all ages, all creeds, and from all parts of the entire State of Florida, were given aid, care, study and supervision during the year of 1950.
- ☆ Many of these children were placed for permanent care and legal adoption, each with an adoptive family that was carefully selected for each and every child.
 - ☆ Many children were given temporary shelter care for Courts, Welfare Boards and other Welfare Agencies and individuals.
 - ☆ While more permanent plans were being worked out for each child, many were given the finest type of medical, dental and hospital care, under the direction of the Society's five staffs of physicians and dentists for each of the Society's five Divisions at Lakeland, Pensacola, Miami, Orlando and Jacksonville, these fine and outstanding physicians, dentists and hospitals gladly serving sick and needy children without compensation.
 - ☆ Many children were cared for in carefully selected foster boarding care homes in various parts of the State, some of these

being little afflicted children needing and receiving special care and treatment.

- ☆ Over three hundred children, placed in adoptive and free homes in all portions of the State were carefully and helpfully supervised, and many families desiring aid and care for their children were counselled with, the result being that many children were constructively aided in their own homes.
- ☆ Several older boys and girls, who desired special educational and vocational training were sent to special schools in and out of Florida.
- ☆ A goodly number of needy children were referred to relatives, other Welfare Agencies or special types of institutions, where their special needs could be best provided.
- ☆ No figures that we could use could ever really tell the story of the incalculably valuable and truly helpful services rendered in behalf of these 1,546 Florida children in need. We do know that hundreds of helpless, homeless, and in many cases seemingly hopeless children were aided so wisely, and with such devotion and success that their entire future will reflect the real value of these services.

☆ We are very proud and very happy because of the great privilege of service that the Society and its devoted, carefully trained and experienced staff of workers have enjoyed.

☆ We desire to express our very genuine gratitude to all who have furnished the funds, the services, the homes, the care, that have made this truly great record of service possible. We honestly believe that through no other agency or institution anywhere, have funds been more effectively used.

☆ It will be the continuing purpose of the Society to render "for every child the kind of care he needs," and to wisely and economically use the funds that are provided, and without which we could do nothing.

☆ We plead earnestly for continued and larger support only that the Society can more effectively serve each child entrusted to our care.

Marcus C. Fagg,

State Superintendent for over forty years.

☆ N. B. *Please give all you can* to the Community Chest in your community in order that these Chests can more largely support our greatly needed services.

☆ ☆ ☆ ☆

Why Take The Chance?

What can we hope to gain from life . . . Unless we do some good . . . To honor God and country and . . . To serve our neighborhood? . . . How can we hope for happiness . . . And keep the tears away . . . If we ignore the noble things . . . And go our selfish way? . . . For we may doubt the Bible and . . . That God is really so . . . But there is nothing after life . . . That any of us know . . . And as there is no proof on earth . . . What can we mortals lose . . . If charity and honor are . . . The virtues that we choose? . . . Whereas if we indulge ourselves . . . We take the chance that we . . . May never share the boundless bliss . . . Of God's eternity.

—by JAMES J. METCALFE

1950 A YEAR IN FIGURES 1950

"Our Concern — Every Child In Need"

"For Each Child — the Care He Needs"

- 1,546 Children** ➤ Received the aid, care, study and careful supervision of our Society during the year 1950.
- 351 Children** ➤ Of these are now in "adoptive" homes, waiting to become "their very own child forever."
- 671 Children** ➤ We started 1950 with 671 children under care, study and supervision.
- 875 Children** ➤ Additional were referred to us for aid and care during 1950.
- 193 Children** ➤ Were aided through the West Florida Division at Pensacola which serves the children of 10 West Florida Counties.
- 155 Children** ➤ Were aided through our Polk County (Rose Keller) Division at Lakeland, which serves the children of Polk and Southwest Florida Counties.
- 280 Children** ➤ Were aided through our Southeastern Division at Miami, which serves the children of Dade, Broward and Monroe Counties.
- 397 Children** ➤ Were aided through our headquarters at Jacksonville, which serves the children of the balance of the State.
- 106 Children** ➤ Were aided through the Central Florida Division at Orlando, which serves the children of Orange, Lake, Seminole and Osceola Counties.
- 432 Children** ➤ Were aided through the Northeast Florida Division at Jacksonville, which serves the Children of Duval County.
- 38** ➤ Less girls were aided than boys
- 554** ➤ Were under 5 years of age. The balance were from 5 to 16 years of age.

The children were reported to us by parents, relatives, individuals, Governor's Office, Courts, Probation Officers, sheriffs and other officials; Social and Welfare Agencies in and out of Florida, doctors, nurses, schools, hospitals, pastors of churches, civic and women's clubs.

These new children were referred to us as follows: 83 from West Florida Counties; 141 from Broward, Dade and Monroe Counties, 77 from Polk and nearby counties, 233 from Duval County, 132 from Lake, Orange, Osceola and Seminole Counties, 185 from 48 other counties in Florida, 39 from out of the State — 17 states asking service.

- 875 Children** ➤ SERVICES RENDERED in behalf of the 1,546 children were placements in adoptive homes, placement in summer vacation homes, placement with relatives, aided in various ways in own homes or with relatives, temporary care given in Receiving Homes, boarding care in selected family boarding homes, referred to special institutions and other welfare agencies, hospital and medical care secured and provided, supervision for out-of-state and other agencies, sent to special training schools in and out of Florida, special counsel and advice, referred to courts for legal action, plans made for various types of care, miscellaneous service, care for boys at Barrett Memorial Home, sent to summer camps.

THE CAUSES THAT BROUGHT the children to our care and attention in the order of their frequency were: (1) Illegitimacy. (2) Separation and divorce of parents. (3) Desertion of parents. (4) Delinquencies of parents. (5) Illness of parents. (6) Neglect and abuse of parents. (7) Drug and liquor addicts. (8) Inability to support children. (9) Defectiveness of parents. (10) Death of parents.

A Huge Family
To Begin the Year With, Isn't It?

Two of Florida's Rare Statesmen Pay High Tribute to The Society

TWO OF the finest compliments ever paid to the Society and its staff of workers were paid at two of the annual meetings held in January each year at Jacksonville, by two of Florida's finest public servants, namely Senior United States Senator Spessard L. Holland, and our former Governor, now the Director of Civilian Defense for the United States of America, Millard Caldwell.

SENATOR SPESSARD HOLLAND

sard L. Holland, and our former Governor, now the Director of Civilian Defense for the United States of America, Millard Caldwell.

Senator Holland said:

"I believe that of all the splendid institutions there are in Florida, there is none that more nearly covers all the State, that more nearly commands the active help, assistance and support of all good citizens; none which has come nearer typifying the ideals of all true religion; none which stands in a more preeminent place than the Children's Home Society of Florida."

Former Governor Millard Fillmore Caldwell said:

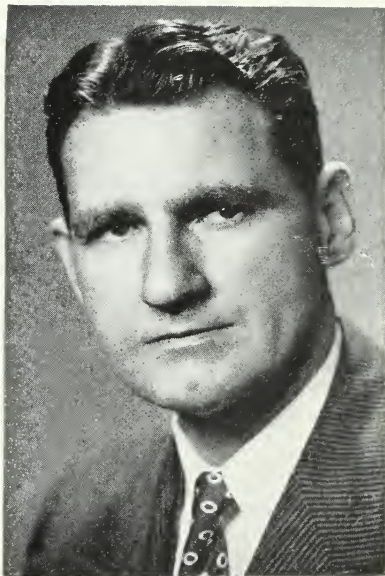

"Except for guidance in adoption, and the program of aid to dependent children, the problem of caring for orphaned boys and girls is being left to agencies of which the Children's Home Society of Florida is a leader in the field. Due to the hard and inspired work of "Daddy" Fagg and his associates and to the loyal and generous support of Floridians in general, this important work is carried forward effectively. It fills a great need, and one which otherwise would have been neglected. I am sure that I speak for all the good citizens of Florida when I express my deep and grateful appreciation for the fine service rendered by the Society."

Some fine honors have come to your State Superintendent through the years, which were intended to honor the great record of service of The Children's Home Society of Florida.

The first and greatest was the honor of being selected as the State Superintendent of the Society, for through this appointment has come the greatest privilege of service that has ever come to any citizen of Florida, a privilege that will be remembered through all the years to come.

For with this service has come the wonderful opportunity of coming to know some of the finest human beings that have ever blessed this earth, and to work closely with these choice men and women through the years.

I have also come to know *many children* — some greatly afflicted, who have been a blessing, an inspiration, a benediction, when adults have been difficult and oh, so disappointing!!! "And a little child shall lead them."

MILLARD F. CALDWELL

Rollins College brings the second greatest honor

I shall never forget that day in 1941 when your humble servant had conferred upon him the honorary degree of "Doctor of Humanities," L.H.D. — and the citation read by the eminent Doctor Hamilton Holt (one of the world's really great educators), which reads as follows:

"Marcus Charles Fagg, social worker, crusader for Child Welfare, Dean of Social Workers in Florida, in whom is the personification of the term "Loco parentis" to 42,851 children; for your dynamic leadership, cooperative spirit and wise counsel in laying the foundations of a better social

order in this State; for your thirty years of distinguished services to the dependent and neglected children of Florida; for those qualities and accomplishments which have won our gratitude and affection; Rollins College confers upon you the honorary degree of "Doctor of Humanities" and admits you to all its rights and privileges."

Of course, I realized fully that I was being honored for what the Society had done, but it was a heart warming experience, for a poor boy, one of a family of fourteen children who had found a great privilege of service. No where else but in America could this have happened.

**Florida's outstanding Educators
Commend the great Work.**

Among Florida's leading educators who have honored the Society at its annual meetings have been President J. Hillis Miller of the University of Florida, Doak S. Campbell of Florida State University at

Tallahassee, Hamilton Holt and Paul Wagner of Rollins College at Winter Park, Ludd M. Spivey of Southern College at Lakeland, E. C. Nance of the University of Tampa, and John J. Tigert of the University of Florida at Gainesville. These noted educators have paid high tribute to the Society through many years.

The Most Appreciated Honor

is just being thought of and called "Daddy" Fagg lovingly and affectionately by thousands of Florida children in need, in whose behalf I have "given my all" during the past forty years.

But, please everybody, remember that the honors that have come to me all belong to the thousands of Florida's finest and most generous citizens, who really have made the services of the Society possible.

In deep humility and gratitude,
Marcus C. "Daddy" Fagg

"Accentuate the Positive"

SOME OF the outstanding "positive's" of the forty years of service, rendered by the Children's Home Society of Florida, under the dynamic leadership of "Daddy" Fagg, are:

The number of needy children aided increased from 90 in 1910 to from 1,500 to 1,800 *each year*.

The number of contributors throughout the State have increased from 155 in 1910 to over 300,000 annually in 1950.

The number of officers, Directors, sponsors, Woman's Board members, Physicians and Dentists has increased from 10 in 1910 to 3,324 in 1950.

The financial status of the Society has improved greatly. In 1910 the Society was badly in debt, did not even own a typewriter. The Society now has properties, equipment and securities valued at *well over a million dollars*.

The CHS has 2,300 of Florida's finest citizens as Sponsors — in every County in the State.

The number of Receiving Homes has increased from one tiny little rent-free cottage in Jacksonville in 1910 (with a capacity of 15 children) to *four* fine home-like Receiving Homes in Jacksonville, Miami, Lakeland and Pensacola.

From one little rent-free office in Jacksonville in 1910 the Society now conducts five important Divisions in Miami, Orlando, Pensacola, Lakeland and Jacksonville and owns its fine office building at 1649 Osceola Street, Jacksonville.

The CHS founded the Florida State Conference of Society Work in 1911, in cooperation with the Federation of Women's Clubs.

The Staff of workers has increased from four in 1910 to 64 of the finest, most devoted, experienced and trained workers throughout the State in 1950.

The annual income (all voluntarily contributed — no support from the State or Federal Government) has increased from \$3,600.00 in 1910 to over \$350,000.00 in 1950.

The number of memorial gifts and bequests have increased from *none* in 1910 to *scores* annually. Total bequests since 1911 now amount to *well over a million dollars*. *Three one hundred thousand dollar bequests* were recorded in 1950 to be paid later.

FROM A tiny little struggling child placing agency in 1910, the Society has come to have a Nation-wide reputation for good service, and everywhere in Florida is generally regarded as "Florida's Greatest Charity."

Perhaps the most important achievement of the Society during all the forty years is in the field of child welfare and general welfare legislation.

In 1910 the only law relating to children in Florida was an old apprentice statute (since repealed) and an adjunct to the law providing punishment for neglect, abuse or mistreatment of animals. Since the legislature of 1911, the Home Society has either drafted or had an important part in the drafting and passage of the Juvenile Court law, Child Labor Law, Compulsory Education act, appropriations for a new Industrial School for Boys at Marianna, and for girls at Ocala, the Florida Farm Colony for Feeble-minded and Epileptic at Gainesville, Tuberculosis Sanatoria, the Crippled Children's Commission, the State Welfare Board, the adoption laws, birth registration laws, the Florida Children's Commission, wife desertion law, and much other welfare legislation.

The CHS of Florida has the lowest mortality rate in the U.S.A. due to the wonderful services of 300 of Florida's finest physicians and dentists all over the State.

The CHS is a member agency of Community Chests in Jacksonville, Miami, Lakeland, Pensacola, Fort Lauderdale, Panama City, and elsewhere.

The CHS is a member agency of the Child Welfare League of America, National Conference of Social Work, has several workers who are members of The American Association of Social Workers, and is licensed annually by the Florida State Welfare Board.

We are proud of our record, our friends, our contributors through Community Chests and otherwise, and otherwise, and plead for the interest and continuing aid of every citizen, every Church, School, Civic Club, Woman's Club, patriotic organization, young people's group, and the newspapers of the entire State.

The greatest work of the Society is in the *future*.

Honor Roll

A Perpetual Record of Bequests, Published Annually

"To live in the hearts we leave behind is not to die."

WE ARE VERY PROUD of the three hundred and more outstanding and very generous Florida citizens from all parts of the State who have shown a very gratifying confidence in the officers, Directors and staff of workers of the Children's Home Society of Florida during the past forty years in bequeathing to the Society *well over a million dollars* to assist the Society in its truly worthwhile and absolutely necessary services to more than fifty-six thousand Florida children in need.

We are deeply grateful to these wonderful friends and loyal partners whose *good deeds can and will live forever* in the lives of many thousands of Florida children, who if given love, affection, education, proper and wise training in carefully selected adoptive homes all over Florida, will unquestionably become wonderfully fine "citizens of tomorrow."

There cannot be anywhere on earth a more worthwhile, or more lasting service in which YOU could invest some of your income or estate. We earnestly urge you and all of the friends of our truly great work to make an early arrangement to remember the Children's Home Society of Florida in your wills, and

thus BUILD A LIVING MONUMENT to live on endlessly.

"What a man leaves in his will to his own family brings him no particular distinction. It is the usual, normal thing to remember them. When he or she remembers those whose only claim upon him is *their need*, his gift sets him apart as one of wider sympathy and more generous impulse than the average."

"There will always be a Children's Home Society of Florida"

FORM OF BEQUEST

"I give to The Children's Home Society of Florida, a corporation (not for profit) with headquarters at Jacksonville, Florida the sum of.....(if real estate, please describe it carefully) for the purpose of aiding the Society in its truly great work for Florida's needy childhood."

If you desire to have your moneys used to aid needy children in any one of the Society's five Divisions located at Jacksonville, Orlando, Miami, Lakeland and Pensacola, we shall be delighted to have you so indicate. Your wishes will be carried out with complete fidelity.

Following is a list of all bequests, arranged alphabetically. Please make provision in your will soon to have *your* name added to this list of the *immortal friends* of Florida's needy childhood.

YEAR	ESTATE OF	AMOUNT	YEAR	ESTATE OF	AMOUNT

Officers and Directors

of the

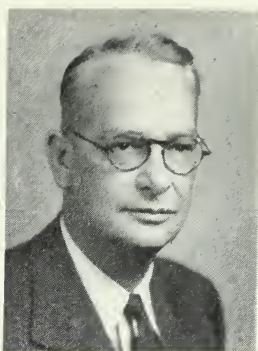

CHILDREN'S HOME

SOCIETY OF FLORIDA

for 1951

W. R. BARNETT

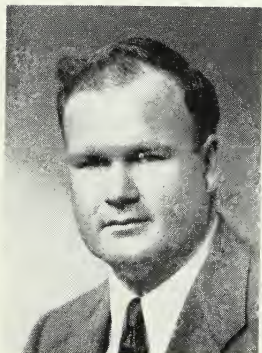

JUDGE BRYAN SIMPSON

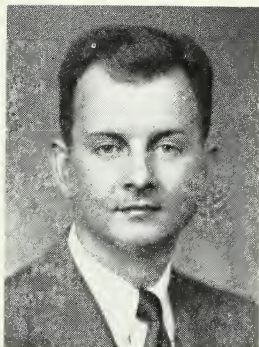

R. W. SEDGWICK

W. P. PAUL

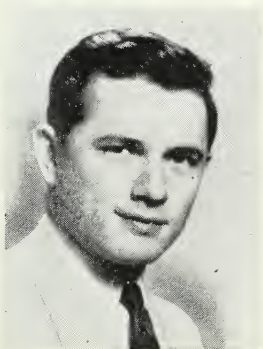

T. G. WATSON

MARK HULSEY, JR.

T. T. SCOTT

L. F. LEE, JR.

Eight new Directors of the Society were elected at the annual meeting held in Jacksonville, Thursday, January 25, 1951. We are very proud of these new Directors, several of whom are young men, who we know will take an active part in the work. These eight outstanding citizens are: Judge Bryan Simpson of the Federal Court, William R. Barnett, Vice President of the Barnett National Bank, Wellington P. "Cotton" Paul, Vice President of Foremost Dairies, T. Grant Watson of the Consolidated Automotive Company, Laurence F. "Larry" Lee, Vice President of the Peninsular Life Insurance Company, Mark Hulsey, Jr., prominent young attorney (who has been called to serve his country as of March 1st, 1951), Honorable T. T. Scott of Miami, a member of the Board of Directors of the Society's Southeastern Division at Miami, and Ralph W. Sedgwick of Vero Beach of the First Federal Savings & Loan Association, who has been the Treasurer of the Society's Sponsoring Committee in Indian River County for several years.

Memorial Gifts for 1950

MAY we suggest that you and your family make a memorial gift instead of sending flowers? Your memorial gift serves two helpful purposes in this way.

"What I hope to do through my memorial gift, sent instead of flowers, is to give some poor little child — less fortunate than I — a real chance in life, a chance for a good home, love, affection, education, genuine happiness and an opportunity to know life at its best."

Each year more and more friends of our great work are sending the Society memorial gifts, large and small, instead of sending floral offerings and in situations where "no flowers" are requested.

A beautiful memorial certificate, together with a kindly letter, is sent to the relatives or friends of the one who has passed on, giving the name of the donor, without mentioning the amount of the gift. A copy of the letter and the memorial certificate is sent to the donor.

"The deeds of charity we have done shall stay with us forever. Only the wealth we have bestowed upon others do we keep."

Won't you join the increasing company of friends who send memorial gifts? Please do.

MRS. FRANCES SINCLAIR, Medical Worker

MISS ETTA LEVISOHN, Nurse

MRS. MARGARET RYAN, Nurse

MRS. HELEN VICKERY, Nurse (part-time)

MRS. GERTRUDE GARNETT, Nurse

We are very happy to welcome as a new member of our very fine staff of workers Miss Helen D. Cole of New York City, who for twenty seven years was Director of Children's Services for the Children's Aid Society of New York, one of the oldest, largest and most outstanding children's agencies in America, who became the State Director of Children's Services for the Children's Home Society of Florida early in December 1950.

Miss Cole is a graduate of Colby College in Maine, received the honorary degree of "Doctor of Social Science" from her Alma Mater sometime later, has studied at the New York School of Social Work, is a member of the American Association of Social Workers, the National Conference of Social Work, and was an official delegate to the recent White House Conference on Children, held at Washington, D. C. Miss Cole will have complete direction of the Home Society's services to children, will direct the services of the entire casework staff throughout Florida, including all five Divisions, will develop the Society's casework program and policies, and see to it that the highest type of casework service is provided for each and every child coming under the Society's care and study. We expect great things of Miss Cole and know we shall not be disappointed.

Another new and important addition to the staff is Mrs. Irene Shapaker of Buffalo, New York, who will

be associated with Miss Cole as Supervisor of Casework Services. Mrs. Shapaker is a graduate of the University of Buffalo, received her Master's Degree in Social Work from the Buffalo School of Social Work, has attended Syracuse University, and for several years has been Supervisor of Adoption Services with the Children's Aid Society and Society for the Prevention of Cruelty to Children at Buffalo. She is a member of the A. A. S. W. and the National Conference of Social Work. Mrs. Shapaker will supervise the Society's casework services for a brief period at Orlando, Lakeland and Miami, and on April 1st will succeed Miss Minna Robertson as Supervisor of Casework Services with headquarters at Jacksonville.

We are indeed very sorry to lose Miss Robertson and hope she will come back to us again.

Both Miss Cole and Mrs. Shapaker were highly recommended by the Child Welfare League of America.

New Division Superintendent at Miami and Orlando

We are very proud to announce the appointment of Mrs. Catherine Argo of Miami as the new Superintendent of our Southeastern Division at Miami, and of Mrs. Marion H. Hart as the new Division Superintendent of the Central Florida Division at Orlando. Both Mrs. Argo and Mrs. Hart are well known to the professional casework group in Florida, are members of the A. A. S. W., the National Conference of Social

Work, and the Florida State Conference of Social Work.

Mrs. Argo has held important executive positions with the American Red Cross, the Council of Social Agencies, and the District Welfare Board in the Miami area and has certainly made an impressive record as Division Superintendent for the CHS during the past few months.

Mrs. Hart was formerly the Director of the Child Welfare Department of the Florida State Welfare Board and has held important executive positions in the welfare field in Pennsylvania, Colorado and Florida, and has won the complete confidence of the welfare agency group in the Orlando area.

We are happy, too, to announce the appointment of Miss LaMittice Pearson of Bonifay, Florida, Mrs. Sara F. Kirby of Candler, Florida, as Field Representatives for the Society, and Mrs. Sara Harris Corse as Junior

call for aid some months ago and are still on the job and helping the Society greatly.

We want to mention with gratitude the helpful and very efficient services of Mrs. Nyra Nooney Parsons of Jacksonville, who helped us so greatly last summer when we had a staff shortage. We wish we could have kept her as a permanent staff member. Our Assistant Superintendent was wonderful, too. No member of the CHS staff deserves more commendation and gratitude than our very capable Assistant Superintendent, who carried a very heavy load last year, day and night, for several months when we had a staff shortage. Mrs. Russell A. West can and will do EVERYTHING and do it well. We could not have pulled through the crisis last year without her indefatigable services and many abilities.

The fact is that every member of the staff of workers put in a lot of extra time and I should like to

MRS. RUSSELL A. WEST
Assistant State
Superintendent, Jacksonville

MISS HELEN D. COLE
State Director of
Children's Services

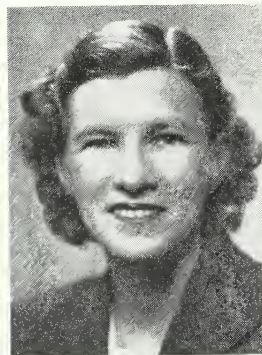

MRS. CATHERINE ARGO
Division Supt. Southeastern
Division, Miami

MRS. MARIAN H. HART
Division Supt. Central
Florida Division, Orlando

MRS. SARA F. KIRBY
Field Representative
Southwestern Area

MISS LAMITTICE PEARSON
Field Representative
Duval County

MRS. SARA HARRIS CORSE
Junior Caseworker
Duval County

MRS. IRENE SHAPAKER
State Supervisor of
Casework Services

Caseworker, all in connection with our headquarters offices at Jacksonville. These three very fine workers have a notable record of education, training and experience in the welfare field, and are rendering invaluable services to the Society and its needy children.

Former CHS workers return to Society.

We want to pay a very special tribute of gratitude to Miss Minna Robertson, formerly Division Superintendent of the Society's Southeastern Division at Miami, who voluntarily gave up an enjoyable vacation period at Fort Lauderdale to accept the position as Supervisor of Casework Services at Jacksonville when we needed her services so badly. Miss Robertson has rendered a most helpful service and was gladly welcomed by the whole CHS staff.

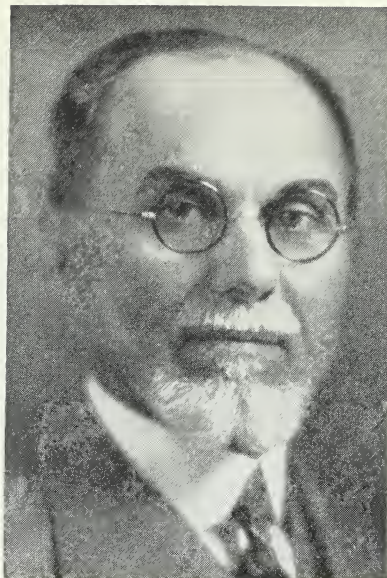

Similar kindly and helpful services have been rendered by two former members of the CHS casework staff who had retired, namely, Mrs. Nora Shaw and Mrs. Roxie Porter, both of whom responded to our

write a special paragraph for each one — all through the State — but space forbids.

There was no important service of any kind that went uncared for during 1950, though the obstacles were pretty great at times.

Mrs. Isabel Coleman must have special mention.

When any worker remains with an organization for over thirty years and performs her duties creditably all the time in every way, that worker does deserve "Special Mention," and we gladly pay a real tribute of praise and gratitude to our long-time bookkeeper, Mrs. Isabel Coleman, who was loyal, faithful and competent always. The Society's accounts have been audited each year by certified public accountants, who have without fail written notes of commendation for neatness, accuracy and invaluable services. We extend our best wishes to Mr. and Mrs. George Coleman, as they move to Lakeland, Florida. They deserve life's very best.

Financial Statements for 1950

*Report of R. V. Covington, Treasurer
for more than forty eight years*

ALL FINANCIAL STATEMENTS and accounts for the Society and its five Divisions are audited annually by certified public accountants. The following reports were audited by Hall and Fisher, CPA, Jacksonville, Florida.

R. V. COVINGTON
Treasurer for over 48 years.

A TRIBUTE FROM "DADDY" FAGG

IN MY JUDGMENT no citizen of Florida has rendered as long or as outstanding a service to the Children's Home Society of Florida and its many thousands of needy children as has the Society's long-time Treasurer, R. V. Covington, for over forty eight years. It has been my very great and happy privilege to work with Mr. Covington for over forty years and never once during all that time have the certified public accountants who audit the Society's accounts annually ever found any complaint of any kind, nor has the integrity of the Society or its Treasurer ever been questioned. On the contrary each year the auditors make kindly statements of real commendation, for every penny received has not only been properly accounted for, but has been wisely, economically and carefully expended. No Children's or other Welfare Agency in the Nation has been more careful in making an annual properly audited account of its receipts and expenditures to its contributors and friends. No one name has appeared on as many direct letters of appeal nor have as many checks been made payable to one Treasurer.

Mr. Covington, the citizenship of all of Florida salutes you, and thanks you sincerely for your absolutely invaluable services.

Our Dreams, Hopes and Prayers of 20 Years

were realized last year. Four new modern, fireproof, cottage-plan Receiving Home buildings were completed and equipped.

New Infirmary Building for 30 children

New Nursery Cottage for 30 toddlers

Barrett Memorial Home for 24 boys

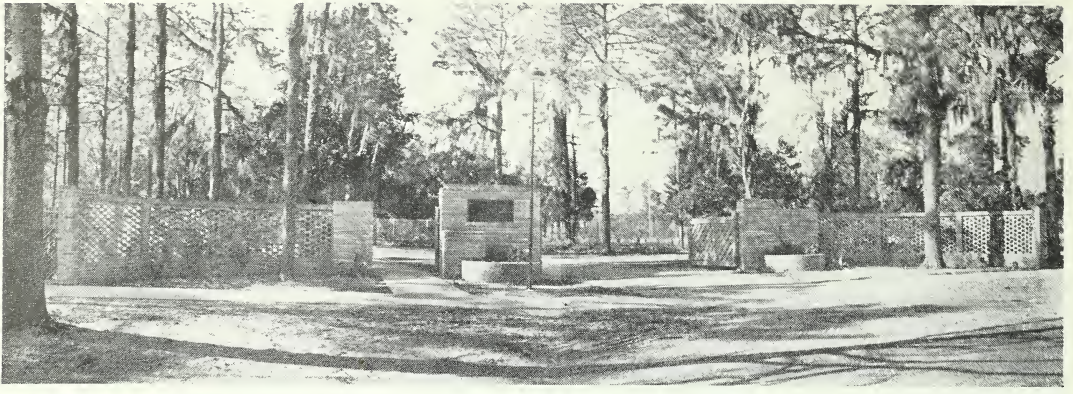

New Reception Cottage for incoming children

ABOUT twenty years ago your State Superintendent began to dream and hope and pray that the time would soon come when the dangerous and totally inadequate Receiving Home buildings on Riverside and St. Johns Avenues in Jacksonville could and would be replaced with new modern, adequate, permanent, fireproof, cottage-plan Receiving Home buildings and in a location that would be suitable in every way.

About that time a beautiful tract of land was bequeathed to the Society by the late Louise H. Barrett in South Jacksonville. In 1940 two new buildings were erected, the Barrett Memorial Home for Boys, and the Kiwanis Club Recreation and Shop Building. In the summer of 1949, through a unique and appealing campaign using only direct letters of appeal and asking for \$450,000.00 to erect and equip four new Receiving Home buildings, the new building fund was successfully completed, and within ninety days the new buildings were under way. We told you about the campaign in our Annual Report last year. The new buildings were completed during the summer of 1950, and our children and workers moved in on September 1, 1950.

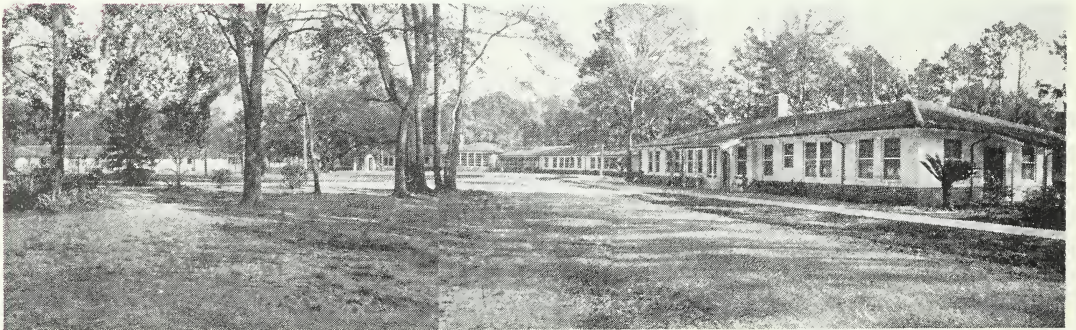

We are very happy to publish some of the pictures of the new buildings in this Report, and invite all of our friends to visit them soon. *They are really wonderful!!! Our sincerest thanks to all who gave the funds, bequests, securities, memorial gifts.*

The Entrance

The entrance gate area is very beautiful. The bronze plaque reads: Children's Receiving Home, Children's Home Society of Florida.

BEAUTIFUL BRONZE PLAQUES have been placed in the several buildings as a permanent record of the memorial gifts that were provided by generous friends honoring their loved ones, and a permanent "SCROLL OF HONOR" is available in the grand big and very lovely living room, containing the names of the hundreds of contributors to the building fund. Among the memorial plaques are those that tell of memorial gifts from the family of Edward Wood Lane of Jacksonville, from Mrs. Margaret Wiggins of Daytona Beach in memory of her mother, from Mr. and Mrs. Rhea Whitley of Delray Beach honoring her mother, Mrs. Adelaide Cannon Blair, from Mr. and Mrs. Thaddeus L. Howell of Jacksonville, from Mrs. W. M. McCrory and Franklin G. Russell of Jacksonville in memory of their mother, from Howell A. Davis of Palatka in memory of Mrs. Agnes Davis, from members of the Kiwanis Club of Jacksonville in memory of Francis M. Holt and Donald M. Barnett, and many others. We are grateful to all who provided memorial gifts.

A General View

A general view of the grounds showing Nursery Cottage, Administration and Girls Building, and Reception Cottage. We are sorry that the fine new Infirmary Building, the Barrett Memorial Home for Boys, and the Kiwanis Club Building could not also be included.

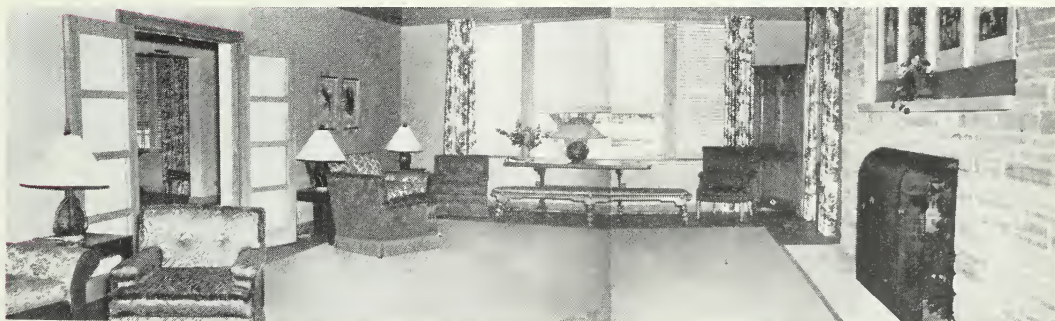

Administration

This is the Administration and Girls Building, the largest of the new buildings. Here are the kitchen and central dining room, living quarters for the executive staff, the dormitories for school age girls, the wonderful breezeway and recreation rooms.

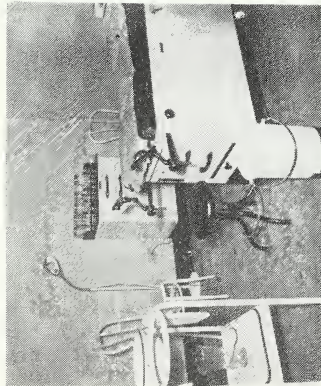

WE ARE HAPPY again to give full credit to the members of the Building Committee, to the architects, building contractors, landscape architect and others, for without the wonderful co-operation of all of these fine friends we would not have the fine buildings, wonderful grounds, new furniture and other equipment, all of which we are so very grateful for.

The Building Committee consisted of the following: Arthur F. Perry, Jr., Chairman, Joseph W. Davin, Associate Chairman, Mrs. Arthur Gerish Cummer, Mrs. Jonathan Yerkes, Frank D. Bisbee, Sr., Henry W. Dew, R. V. Covington, Roland D. Baldwin, with President Lucien H. Boggs and State Superintendent Marcus C. Fagg, consultants. Marsh and Saxelbye, Architects. O. P. Woodcock Company, Building Contractors, Dr. Hubert B. Owens and Brooks E. Wigginton of Athens, Georgia, Landscape Architects. P. D. Shoemaker and Skaggs Landscape Gardens, Jacksonville, Landscape Contractors.

Living Room

Here is the lovely big living room in the Administration Building, largely furnished by Mrs. Rhea Whitley of Delray Beach, honoring her mother. Mrs. Lillian McCullough, expert interior decorator, gladly gave her services in selecting furniture, etc.

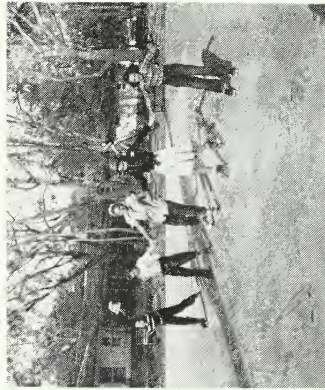

The Doctor's Room, New Infirmary Building

We now have

The Finest
Receiving Home facilities
in the entire South,
perhaps in the Nation.

[36]

Girls concrete playground, skating rink

We still need some equipment for the Reception Cottage, also we need badly more playground equipment.

☆ ☆ ☆

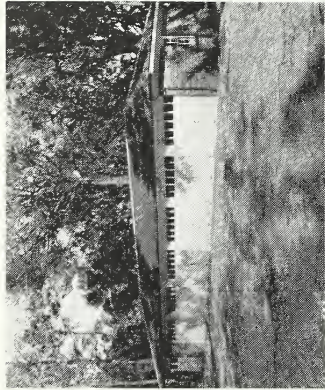

We also need to have some lovely big trees de-mossed — and some lawn space planted.

☆ ☆ ☆

We need outside picnic tables, chairs, benches, and additional sprinkler system equipment.

☆ ☆ ☆

We mention these items here thinking that per-

Four car garage, laundry and boiler room

haps some of our good friends, civic clubs, or other groups might like to provide some of these items for us.

☆ ☆ ☆

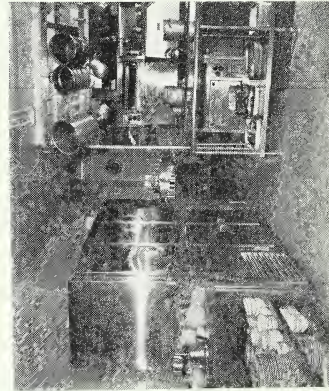

Perhaps there are those who would like to provide some of these items as memorials to loved ones.

☆ ☆ ☆

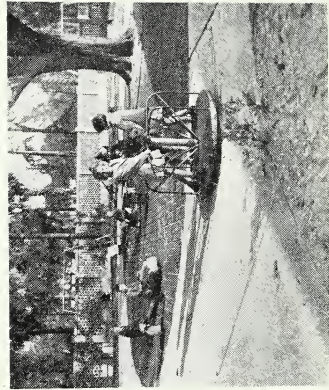

We will gladly provide memorial plaques, where they are desired.

☆ ☆ ☆

Remember visitors are always welcome.

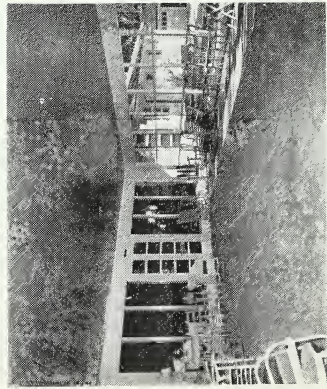

Complete modern kitchen equipment

Nursery Cottage Playgrounds

Entrance to Administration Building

The lovely breezeway and playground

In Memoriam

SOME HEAVY losses were suffered during the past year through the passing of some of the most helpful friends of the Society, who were officially affiliated with the Society in various capacities.

The heaviest toll came in the passing of three of the honorary members of the Woman's Advisory Board of the Northeast Florida Division, all of whom had served the Society long, faithfully and well. We shall miss their kindly counsel and advice, their gladly given services to our children in need. These three honorary members were Mrs. James W. Spratt, Mrs. Thomas P. Denham and Mrs. Frank C. Brock, all of Jacksonville.

We mourn the loss, too, of Neal F. Tyler, Sr., of Jacksonville, and M. H. Westberry of St. Augustine, long-time and active members of the Society's State Board of Directors.

Also the passing of Doctor J. A. Beals of Jacksonville, Roentgenologist on the Staff of Physicians and Dentists, and in connection with our Western Division we greatly mourn the loss of Doctor J. H. Fellows, the long-time, faithful, loyal and efficient Chief of Staff of Physicians and Dentists at Pensacola.

We shall greatly miss our long-time friend, William N. Urmev of Miami, former President of the Southeastern Division, a loyal and generous friend.

We suffered a great loss, too, in the passing of our long-time friend and generous benefactor, C. F. Smith of Lakeland.

Other loyal friends and true, Sponsors for the Society throughout the State, who have gone on to higher fields of service, are the following:

Our heartfelt and very genuine sympathy goes out to the families, loved ones, and relatives of all who have passed on. God bless and keep them all.

Our Five Big

1951 Annual Meetings

Were Outstanding in Every Way

NEVER HAVE we had annual meetings as largely attended, as enthusiastic, as enjoyable, as profitable in every way as the regional meetings held at Miami, Lakeland, Orlando, Pensacola and Jacksonville, the big annual meeting in Jacksonville being the "Daddy" of them all with the largest attendance, the finest addresses, the most beautiful floral decorations ever known, but the big meeting at Miami ran a mighty close second, for the fine Roof Dining Room at the Columbus Hotel was filled to capacity and the decorations were unique and very wonderful.

At *Orlando* the meeting was held at the delightful Country Club, while the meeting at Lakeland filled the New Florida Hotel Dining Room to capacity, and Pensacola's big meeting, sponsored by the Pilot, Exchange and Kiwanis Clubs, meant the bringing in of several extra tables to seat the very large group at the San Carlos.

At *Lakeland* the Southwestern-Polk County Division heard Miss Helen D. Cole, new State Director of Children's Services, for the first time. At *Orlando*, Dr. Ludd M. Spivey, President of Southern College at Lakeland, made a magnificent address; at *Miami*, your State Superintendent was the "Guest of Honor"; at *Pensacola*, Dr. J. Hillis Miller, President of the University of Florida, Gainesville, was special guest speaker, and at *Jacksonville*, Rabbi Sidney M. Lefkowitz made an unforgettable fine address. The great pity is that space does not allow us to publish at least excerpts from these fine addresses, for each one was a gem.

It was very gratifying to find that after forty years of these annual meetings, the friends of the Society attend in larger numbers, and thereby show an interest and confidence in the Society that is more notable than in any previous years. We express our deepest gratitude particularly to Dr. Miller, Dr. Spivey, Rabbi Lefkowitz, Miss Cole, and to Mrs. Samuel Ogren, Chairman of the Society's Sponsoring Committee at Delray Beach, who represented and told of the fine results secured in 1950 by the Society's *twenty-three hundred Sponsors* in all parts of the State. Mrs. Ogren has made a wonderfully successful chairman at Delray Beach, and certainly made a fine report at the meeting in Jacksonville.

The Woman's Boards at Jacksonville, Miami, Orlando and Pensacola vied with each other to see which group could provide the most stunning and beautiful floral decorations. They really were gorgeous.

The newspapers in the five Division areas gave wonderful publicity, which we are most grateful for.

We invite all of our friends to come again in January 1952.

A CHILD

"A child am I, yet in me lies

Part of the future of the race.

A child, in whom the good and ill

Of ages past have left their trace.

Protect me—ye of larger growth

Hear my appeal: Please take my hand

And lead me safely through the days

Of childhood into grown-up land."

Two pictures of the big meeting at Miami. Showing from left to right at the speakers table, Dr. Martiele Turner, President M. Luther Mershon, Mrs. John Moeri, new President of the Woman's Advisory Board, "Daddy" Fagg, Mr. Sam Murray, Miss Cole, and Dr. William McKibben, Chief of Staff of Physicians and Dentists for the Southeastern Division. The second photo shows three of the Society's older girls with Miss Melba Bly, the very capable Superintendent of the lovely Receiving Home at Miami. Unfortunately neither picture shows the likeness of Mrs. Catherine Argo, the new Division Superintendent, and the members of her fine staff of workers, who deserve most of the credit for the very fine meeting.

AT THE SOUTHEASTERN-POLK COUNTY Division meeting at Lakeland, we see from left to right Major William Steitz (reading his report as Secretary-Treasurer), Father Delaney, who gave the benediction, Mrs. Sara Kirby, Children's Home Society Field Representative, Mrs. William Steitz (President of the Woman's Board at Lakeland), Mrs. R. M. Horne of Madison, President of the Florida Federation of Women's Clubs (who made a brief talk), Miss Helen D. Cole, State Director of Children's Services, "Daddy" Fagg, Sydney Schwartz, Vice President of the Division, and Chairman in the absence of the President, R. Barnwell Fuller (who was ill), Hammond Jones, Chairman of the Building Committee, Dr. James R. Boulware (Chief of Staff of Physicians and Dentists at Lakeland), Mrs. Boulware, Dr. Wm. S. Johnson, member of the staff, and Ray Clements of Bartow, Chairman of the Nominating Committee.

At the Speakers Table at Lakeland meeting of the Southwestern-Polk County Division of the Children's Home Society

AT THE ORLANDO meeting of the Central Florida Division is shown a group, including (from left to right) Miss Helen D. Cole, Dr. Ludd M. Spivey, "Daddy" Fagg, Randall Chase of Sanford, (the new President of the Division), Linton E. Allen (the retiring President, who has done a grand job) and our new Division Superintendent, Mrs. Marion H. Hart, who put over a delightful meeting in every way.

AT PENSACOLA, a capacity attendance listened to a magnificent address by Dr. J. Hillis Miller, President of the University of Florida at Gainesville. Honorable E. Dixie Beggs, a member of the Board of the Western Division at Pensacola, presided. Those at the speakers table are President J. Hillis Miller, Guest Speaker, Mayor Charles P. Mason, Admiral Price, Hon. Dixie Beggs, Hon. Charles Overman, "Daddy" Fagg and Mrs. Earl Hamel, President of Woman's Advisory Board.

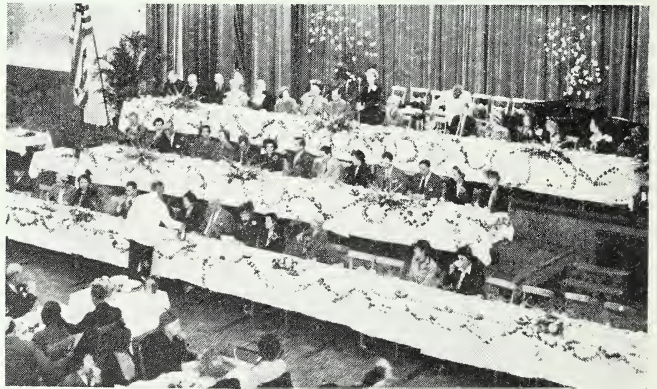

The Big Meeting at Jacksonville

January 25, 1951

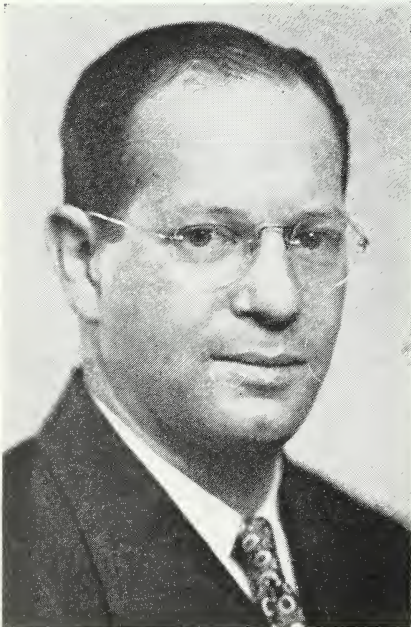

HERE YOU will see the perfectly beautiful floral decorations provided for the meeting by the Woman's Advisory Board of the North-east Florida (Jacksonville) Division. We will not try to identify all the friends of the Society who were seated at the special guest tables, nor can we take space to give the names of all who provided the lovely floral decorations, though we wish we could. We do want to mention Mrs. A. H. May who acted as the Chairman of the Decorations Committee, also Mrs. T. G. Buckner who, in addition to the generous supply of beautiful Camellias, provided a special center table (not shown, we are sorry) of the most gorgeous Orchid plants we have ever seen, also Mrs. R. E. Beverly of the Avondale Florist Shop who provided the unusually attractive "Gladiolus Trees" in the rear of the speakers table, also the lovely center pieces for the guest tables, and the corsages for guests at the speakers table. We want also to thank Mrs. Claude Wolfe, President of the Society's Woman's Advisory Board at Orlando, for bringing up a wonderful lot of beautiful Camellias, which she and other kind friends at Orlando sent up for the big occasion.

A view of the special guest tables, with Rabbi Sidney M. Lefkowitz at the microphone.

Miss Helen D. Cole, State Director of Children's Services, is shown here addressing the fine audience. Mrs. Samuel Ogren, the third guest speaker, is shown at the right center. It really was a notable occasion. We express our sincere thanks to Bob Feagin, general manager of Radio Station W.P.D.Q., for broadcasting the significant address given by Rabbi Lefkowitz.

at Jacksonville, the
Special Guest Speaker*

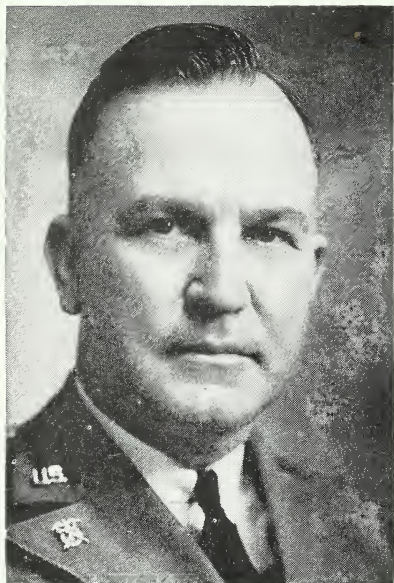

"Innocents Abroad"

The Western Division

OF THE CHILDREN'S HOME SOCIETY OF FLORIDA

The Western Division, with headquarters at Pensacola, which serves the needy children of the ten counties located west of the Apalachicola River, gave aid, care, study and supervision to 193 children during 1950, a considerable increase over 1949.

COLONEL HARRY A. LURTON
*President for many years
of the Western Division*

MRS. EARL HAMEL
*New President of Woman's
Advisory Board, Pensacola*

Statement by State Superintendent For Western Division

IF WE COULD GIVE a detailed report of the many and varied helpful services rendered in behalf of each of the 193 homeless, neglected, mistreated and pitifully needy children that have been referred to the Western Division of the Children's Home Society of Florida for aid, care, study and supervision during the year of 1950, we know all of our friends and contributors would be keenly interested, but space forbids. We do want to state that for each of these children (from wee babies on up to sixteen years, of every creed and belief, and referred from all of the ten West Florida Counties located west of the Apalachicola River), the Society and its fine staff of workers, Staff of Physicians and Dentists, officers, Directors and Sponsors, and Woman's Advisory Board officers and members has endeavored to render just the particular service that would best meet the needs of each child.

"Scotland House" Staff Rendered Effective Services

We are particularly indebted to Mrs. Octavia Copenhaver, Superintendent of "Scotland House," our very lovely and home-like West Florida Receiving Home in Pensacola, and her capable associate, Miss Rosa Norman, and Mrs. Peterson, the relief housemother, for their loyal, conscientious and untiring services to many wee babies, toddlers, and older boys and girls, for these are the "substitute mothers" for our youngsters, and are very much more capable of meeting the problems and needs of the children than in many instances their own parents would be.

Miss Clyde Curry Renders Outstanding Service

No field representative of the Society, anywhere in Florida, has been more self-sacrificing, more loyal, devoted and endless in her service to both families and children than "our faithful standby" has been. It will be a sad day for the Society and the needy children of West Florida when Miss Curry needs to give up her services.

Staff of Physicians and Dentists

Because of the passing of Doctor J. H. Fellows, the Chief of Staff of Physicians and Dentists at Pensacola, after many years of faithful, helpful and gladly given services, we have again needed to call upon our long-time friend, Dr. W. C. Payne, and Dr. E. V. Anderson and other members of the Staff of wonderful physicians and dentists to meet the needs of our children who were ill, or who needed medical, surgical, dental or hospital services. We desire to thank each member of the staff sincerely.

Officers, Directors and Sponsors Are Very Helpful

Colonel Harry A. Lurton, the long-time and unusually devoted, faithful and capable President and Treasurer of the Division, deserves our finest commendation for his ceaseless interest and services to our children, all of whom love and respect him.

All other officers, Directors and Sponsors throughout the ten counties which compose the Western Division area, who have aided in any way, have our genuine gratitude. We could not go on without them.

(Continued on Page 43)

Some Sponsoring Committees Did Not Do Too Much

1950 contributions would have been very much larger (and goodness knows we need much more income to meet constantly rising costs of all foodstuffs, children's wearing apparel, shoes, etc.) had all of the Sponsoring Committee Chairmen shown the same fine interest and secured as much money as in previous years. In some areas we received no funds at all during 1950. We trust that our Committee Chairmen in these areas will double their efforts, and send in much more in the way of funds and articles soon.

The Community Chests Help A Very Great Deal

We would have been in a sad plight indeed financially had we not had the fine support of the Community Chests of Pensacola, Panama City and elsewhere. We desire to express our appreciation to all officers, Directors, campaign workers and contributors for their wonderful help last year, and to remind them that we will need much more during 1951. We trust our Chest friends will be able to do more for our children.

Woman's Advisory Board Continues Its Helpful Efforts

The big pre-Thanksgiving shower and reception, put on each year the Thursday before Thanksgiving Day, did not bring out as many friends, or as many donations of canned goods, meats, produce, linens, children's wearables, etc., as in previous years. We still need all of these articles and will warmly wel-

come anything that children can eat, wear or enjoy. The address of the Receiving Home is Twelfth Avenue and Blount Street, Pensacola.

The women of the Board rendered many other helpful services during the year. We wish we could mention them all in detail. We know that all the members will rally to the support of Mrs. Earl Hamel, the new President, during the coming year. We are most grateful for every service rendered during 1950.

Other Agencies Co-operate

The Juvenile Court, the District Welfare Board, and other welfare agencies all co-operate in every way possible, and in turn it is the desire of the Western Division of the Home Society to extend its services to all children who should properly come under the Society's care.

The Future

There is confusion and uncertainty everywhere in the world these days, but as long as the good old U.S.A. lasts — and that will be a long, long time — there will always be a Children's Home Society of Florida, and the Western Division will continue to play an important role in its services to the homeless and needy children of West Florida.

Very gratefully,

MARCUS C. FAGG

State Superintendent for over 40 years.

An Outstanding Year for the Western Division

by MARCUS C. "DADDY" FAGG, *State Superintendent*

1950 in many ways has been one of the most outstanding years of all of the 48 years that the Children's Home Society of Florida, "Florida's Greatest Charity," has experienced.

In spite of storms and heavy frosts, increased taxes, and the dreadful war situation in Korea, and a Nation-wide, unstable economic condition, the thousands of friends of the Society throughout the entire State, and including the many choice friends in the Counties which compose the Western Division area of the Society, have been wonderfully generous in their financial support, which certainly is exceedingly fortunate in view of the constantly increasing costs of all food stuffs, children's wearables and other items.

Many wonderful friends of the State-wide organization have remembered the Society through bequests which made it possible for the Society to render every important service to every one of the 1,546 homeless and needy children that have been referred to the Society from every portion of the State.

I wish that it were possible in this statement, to tell you some of the perfectly amazing services that the Society has rendered, but suffice it to say that we have endeavored to render that specific service for each and every child that would best meet the present and future needs of each youngster referred.

I know that the many friends of the Society in West Florida, and all through the State will be delighted to learn that we were able to complete the erection of four new, modern, fireproof, cottage-type

Receiving Home buildings in South Jacksonville, which, with their wonderful equipment, means that the Children's Home Society of Florida now has as fine Receiving Home facilities as any Children's Agency in the land. We invite all of the friends of the Society to pay a visit to these new buildings when in the Jacksonville area. They are well worth seeing and we are particularly happy that we can announce that the entire \$450,000.00 program has been completed without any indebtedness of any kind.

I want particularly to pay a special tribute of gratitude to the officers and directors, the Woman's Advisory Board, the outstandingly fine staff of physicians and dentists, our staff of workers at "Scotland House" (our West Florida Receiving Home at Pensacola), and to Miss Clyde Curry and other members of our staff of workers who have rendered remarkable services to the more than 193 West Florida children that have been referred for care from the West Florida area during 1950.

I want to plead with all of these fine friends and all of the generous contributors in the West Florida area to continue your interest, activities and support to the end that all of us together may render an even more helpful service during 1951.

☆ ☆ ☆ ☆

A child of any age can succeed in a foster home if the girl or boy is carefully selected and case work is available to the foster parent and the child.

"Today our lovely daughter is one year old and a sweeter and prettier baby you have never seen. When we left the Home with that tiny bundle last year we were unsure of the future with such a little tyke but a better happier baby never was born. We are so thankful that we have her. She has a nice personality and actually flirts with strangers."

It all adds up to just this—give a boy a fair chance to learn and practice honesty, fair play and tolerance—give him incentives and opportunities to learn, work and strive,—and you will have every chance of turning out a good citizen.

"Look forward with the underprivileged child rather than backward with the delinquent."

"No one is useless in the world who lightens the burdens of others."

Scotland House, our lovely West Florida Receiving Home, at Pensacola

SOUTHWESTERN (Polk County) DIVISION

AT LAKELAND

*gave aid, care, study and supervision to 155 homeless and needy children during 1950.
These children were referred for care from Polk and nearby counties.*

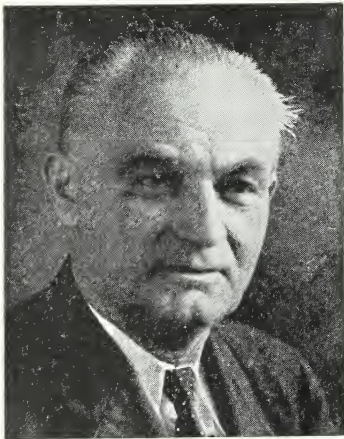

R. BARNWELL FULLER
of Mulberry, President of
Southwestern Division
at Lakeland

President Fuller says:

"1950 has been a good year in the Southwestern (Polk County) Division of The Children's Home Society of Florida, and the many accomplishments could not have been made without the untiring and united efforts of our officers, Directors, Sponsors, staff of workers, and Staff of Physicians and Dentists. The Woman's Advisory Board members are especially to be commended for their interest and coordinated work throughout the year.

We wish to express our sincere thanks to everyone who has aided us in carrying on "Florida's Greatest Charity." We look forward to your continued cooperation for an even greater 1951."

MAJOR WILLIAM
STEITZ, *Secretary-Treasurer*
Southwestern Division
since 1927

MRS. J. H. HICKS, new
President, Woman's
Advisory Board
Southwestern Division

REPORT OF THE STATE SUPERINTENDENT FOR 1950.

UNDER THE fine and capable leadership of our outstanding President, R. Barnwell Fuller, ably and constantly assisted by our long-time, faithful Secretary-Treasurer, Major William Steitz, the Southwestern (Polk County) Division rendered a fine and helpful service to a family of 155 homeless, destitute and needy children during 1950.

How I wish there were space to tell of the many and varied services that were rendered in behalf of these little "Future Citizens." Suffice it to say that our purpose was to render that particular service for

each child as would seem certain to best meet the present and future needs as they presented them from time to time.

For many children, this meant being placed in carefully selected, permanent adoptive homes of love, affection, kindly care, education and training for the future.

For others, we provided important temporary shelter-care services through the Rose Keller Home, and the State Receiving Home and foster-care boarding homes in Jacksonville.

For many we were able to provide medical, dental, surgical and hospital services under the direction of our loyal and wonderful Chief-of-Staff, Doctor James R. Boulware of Lakeland, and the fine co-operation and services of many members of our very capable staff of Physicians and Dentists. The Morrell Memorial Hospital Staff were always ready to provide their expert services, and our devoted group of workers at the Rose Keller Home gave the individual love and care that meant perhaps more than all else in again making it possible for us to repeat what we have been able to say through all the twenty-three years of service to well over 3,500 needy children, from Polk and adjoining counties, namely, that we have never had a child die under the care of the Rose Keller Home, a mortality record that we can all be proud of and happy about.

The other statement that "never have we had a deficit in our Southwestern (Polk County) Division" can also be happily repeated, for our hundreds of Sponsors, Officers, Directors, Woman's Board members, the newspapers and generous contributors have given enough to meet all of our needs during 1951, this in spite of dreadful storms, freezes, an unstable national economy, and higher income taxes.

We are indeed grateful to all who have given cash, articles, and helpful services, and only wish we could name all the individuals, business firms, citrus growers, civic clubs, women's organizations, churches, lodges and other groups so that you could all know who they have been, but space will not permit.

Our Woman's Advisory Board, with Mrs. William Steitz as President, has rendered many helpful services, for which we thank them all sincerely.

The loyal staff of workers at the Rose Keller Home have had another year of "personnel" difficulties, but Mrs. Bobbie Lester, the faithful Superintendent, with Mrs. C. H. Coburn our Matron of Dining Room and Kitchen, have weathered these periods through sacrificial services, and with much fine help from our ever loyal friend, Mrs. Polly Eberhardt, who never fails when her services are needed.

We are happy to have the services of Mrs. Sara Kirby of Candler, Florida, as our Field Representative in this area, and know that as you come to know Mrs. Kirby and her friendly, kindly spirit of real service you will give her your full support.

We are grateful to Hammond Jones, and the members of the new Building Committee for their time and effort to make plans for a new Rose Keller Home, so critically needed, and regret that the war situation, high costs of material and labor, made it seem unwise to start to build last year. We will hope that more favorable conditions will soon prevail, and that meanwhile our officers here will keep the present Home not only presentable, but safe and repaired for our children.

We mourn the loss of our very good and generous friend, Mr. C. F. Smith, of the Peoples Bank, and other good friends who have passed on.

The future everywhere is uncertain, but we must press forward with unrelenting activity, and with more and better services to each child entrusted to our care.

God Bless you, and may 1951 bring peace to our troubled world, and real happiness to you and yours, and to all others who are such a vital part of the much-needed services of "Florida's Greatest Charity" in this area.

In all Sincerity,

MARCUS C. FAGG,

State Superintendent for over forty years
Children's Home Society of Florida

N. B. The same quotas will prevail for 1951, but it is earnestly requested that much more than the quota be secured to help meet the constantly rising costs of all foodstuffs, wearables, etc.

Some Rose Keller Home youngsters enjoy visit to the country.

These children were delighted to visit the farm of Mrs. Charlotte Richardson, being the guests of the Socrum Home Demonstration Club, and see the big turkey they were to feast upon on Thanksgiving Day. Mrs. Bess Cheatwood, President of the Club, is seen at the right. The youngsters did feel sorry for the turkey, but forgot their sorrow when they enjoyed the big Thanksgiving Day dinner and said a big "Thank You" to their kind friends.

Meal time is always a joyous occasion for the big family of youngsters at the Rose Keller Home at Lakeland, for the meals are cooked and served by Mrs. C. H. Coburn, who is a wonderful cook, and is always alert to every service she can render in behalf of the Home and its children.

Mrs. Bobbie Lester, the capable Superintendent of the Rose Keller Home, is holding a shy new little girl at the top left, while Miss Lucille Jones, Assistant House-mother, holds a wide-eyed boy at top right. The youngsters were anxious to have the picture completed so they could enjoy the good food which is always served.

A word of thanks is always said by the children and workers at the beginning of each meal, for children need to be reminded, as we all do, that all of life's blessings come to us through a kindly Providence that notes even a sparrow's fall, and provides special blessings for little children, for "of such is the Kingdom of Heaven."

The Southeastern Division

OF THE CHILDREN'S HOME SOCIETY OF FLORIDA

With headquarters at Miami, and which serves the children of Dade, Broward and Monroe Counties, gave aid, care, study and supervision to 260 needy and homeless children during 1950.

M. LUTHER MERSHON
President Southeastern Division, Miami

President M. Luther Mershon gave the following report at the annual meeting held January 16, at Miami:

I WANT TO WELCOME you all to the Annual Meeting of the Southeastern Division of the Children's Home Society. It is indeed good to see you here. I am not going to thank each group or individual who has contributed to making this a pleasant meeting, nor give a pat on the back to those of you who so generously contributed to our Society during the past year. Such individual commendations would take up the entire afternoon. I know that you have given of your time and efforts because you have a sincere and genuine interest in the children who have been placed under the care of the Children's Home Society, and I do wish to express to all of you my sincere thanks and appreciation.

Like the rest of the world, our Society has faced and passed through a somewhat chaotic, confused and bewildering year. But I believe that we have reached the half way mark of this century fortified with a job well done under the leadership of our beloved State Superintendent. We stand today as a united group ready to carry on our obligations to the children of this state who need us, and I can say with confidence that our future is bright, and that our Society's leadership in the field of service to children will continue to be an inspiration not only to the people of the State of Florida, but to other areas as well.

In our Southeastern Division our accomplishments during the past year have been uniform and good. At the present time we have 63 children in adoptive

homes under our supervision. We are now making studies on the adoptive applications which were made in June of this year, having thus caught up with a backlog that extended as far back as two years. There are many wonderful homes available for children, but the number of babies and children coming to us does not nearly meet the demand of homes awaiting them. Children are not being held for long periods of time before placements are made. As soon as it is determined that the child is adoptable and the Court gives us legal commitment, that child is placed in an adoptive home. No longer can it be said that so-called red tape and delay is a just criticism. Our waiting list is simply the old problem of supply and demand. Perhaps some of you have seen children in the Receiving Home, and have noted that they have been there for many months. All of the children in the Receiving Home are not there because they are awaiting adoption. Your Society gives a big service to other agencies in this community in caring for children. We have given shelter to many children whose parents had no way to care for them, but who did not wish to give them up. The Traveler's Aid Society, the District Welfare Board, the Miami Beach Welfare, to mention a few, are agencies which have called upon our Society for this temporary care which we provided for children.

We have made numerous improvements in the Receiving Home, and our Building Committee has been working overtime getting gas heaters installed, wiring replaced with new, the plumbing in shape, and the dozens of repairs that any home needs when subjected to wear and tear of 30 healthy youngsters. I hope each of you will make a point of visiting the Home if you haven't done so, so that you can see for yourself that we are trying to make it a real home, and not just an institution.

Our Division Superintendent, Mrs. Argo, has prepared for you a little study of the way in which your Division operates. We hope you will read it and have the satisfaction of becoming more familiar with the operations and activities of our Society, and that in 1951 you will personally take an even greater part in these operations. We need you and your friends, and their friends, to aid us in fulfilling our stated obligations to the children committed to our care.

I am grateful for the opportunity afforded me to work for our Society and to thus gain a greater knowledge of its operations and of the fine work it is doing, and of the even greater opportunities that lie ahead for service to the needy, homeless children who are the special objects of our aid.

This Annual Meeting today is a most particular occasion in that we are here to honor and pay tribute to Marcus C. Fagg who for over forty years has been our Society's State Superintendent. "Daddy" Fagg has devoted his entire adult life to building our Society to its present position of strength and greatness, and in doing so has won and kept the admiration, respect and warm affection of thousands of men, women and children who are grateful for all he is doing.

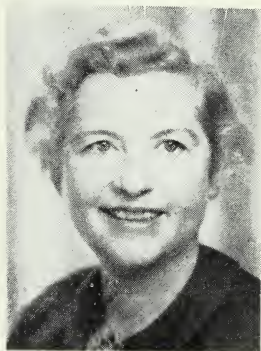

The most unique and exciting of the several Christmas parties put on for the children at the Southeastern Division Receiving Home was the big party put on by the Motorcycle and Accident Prevention Bureau of Miami Police Department on December 23, 1950.

Coming out to the Home in their "spiffy" uniforms, their newly-polished motorcycles, and the sirens blowing a constant blast, everybody in Miami wondered what was going on, and imagine the excitement of the youngsters at the Home, it was tremendous, and such marvelous gifts and goodies you never have seen. It really was wonderful!! And if you ask me, I honestly believe these fine police officers had as big a time as the children. We do hope they will give us a repeat performance next Christmas time.

Superintendent's Annual Report SOUTHEASTERN DIVISION

Mrs. Catherine Argo, our new Division Superintendent at Miami makes her first report for 1950:

MRS. CATHERINE ARGO
Division Superintendent
Southeastern Division,
Miami

The year is 1950 — we are half way through the 20th Century and the Children's Home Society is facing the second half with confidence, courage and pride as it approaches the half way mark of its century. The children of Florida have been well served by the Society during this first half of 1950. The bulwark of the organization has been the interest and support of all its officers, Woman's Advisory Board and those who sponsor it. Here in the Southeastern Division over the

years these sponsors have been legion, as a glance at former annual reports will show—1950 has been no exception. Many persons have given generously of their time and of their money so that the children under our care could receive as nearly as possible the consideration, thought and attention a child would receive with its own parents. Under the capable, sympathetic and understanding guidance of our President, M. Luther Mershon, and the Board of Direc-

tors, the Southeastern Division has come through the years with a record of real achievement. They, members of the Woman's Advisory Board and sponsors, have played an important part in putting over the first successful 100% campaign the Community Chest has had in Dade County since 1944—the Chest goal of \$857,390 is the highest ever raised in Dade County—with such leadership, is it any wonder we face the future with confidence?

Our medical and dental staff have given unstintingly of their time to see that our boys and girls and babies are in good physical condition. In these busy times this service donated to our Division could not be measured in dollars and cents. The medical staff has felt an obligation not only to the children, but to the adoptive parents and every effort has been exerted to insure the health of all children placed for adoption. We want to publicly salute and thank our excellent doctors and dentists.

It is difficult to add to the plaudits which have been extended over the years to the Woman's Advisory Board. This group of women have provided an atmosphere at the Receiving Home which reflects itself in the homelikeness of the institution and the congeniality of those living there. The furniture and appointments spread an aura of cheerfulness and comfort. The Board has kept aware of the needs in the Home and have been quick to see they were cared for promptly. Working with our capable building chairman, Mr. B. F. Weaver, the Woman's Advisory Board has effected many improvements in the Home. The installation of gas heaters has been one of this year's additions, and they have been a boon this winter. Yes, even in sunny Miami we sometimes need

artificial heat. We have a new concrete porch for our nursery where the babies can be given sun baths. The kitchen and dining room are gay with new paint and draperies.

So many friends have been generous to us, providing an assortment of appreciated and needed gifts, ranging from plumbing fixtures to bed lamps for our older girls. It would be nice if we could recognize all our friends individually, in this annual report, but space doesn't permit it. But again let us convey our thanks to all of you who have given so freely, not only of material things, but of your own time and personal interest. The many parties, camping trips, outings, birthday cakes, vacation visits, have meant much to the children in our Receiving Home. These events sparkle throughout the year, reaching a climax at Christmas. You would have been as thrilled and excited as our children were if you could have seen Santa arriving at the Home, escorted by the entire motorcycle corps of the Miami Police Department. This magnificently trained unit accompanied by the Safety First Patrol cars, sirens screaming the announcement, escorted Santa to the Home. In full regalia, impressive with guns, they

delighted the heart of every incipient Buck Rogers and cow girl in the Home. Santa brought a huge tree, beautifully trimmed and individually wrapped presents for each child. He held them on his lap, they patted his cheeks—he gave them each a stocking filled with candy, nuts and toys, then away he went on his motorcycle to attend to all of the other children in the land. It was quite an experience.

The Southeastern Division has a functioning case committee, with Mrs. Leonard C. Olsen as chairman. This group gives intelligent support to the professional staff in solving problems arising with the agency, and the Community.

We who are new on the staff this year and those who have served so loyally and conscientiously in the past are proud to be associated with the Children's Home Society and pledge to all of you who read this report our sincere efforts to uphold the goals of the Society. We want to play our small part in carrying out your aims and plans to the end that all the children placed in our care will have the right home and the love and security they so desperately need.

CATHERINE ARGO,
Division Superintendent

A Statement by the State Superintendent

WE ARE ALL very happy over the appointment of Mrs. Catherine Argo as our new Division Superintendent for our constantly expanding and very important Southeastern Division at Miami. Mrs. Argo has had a wonderful background of education, training and experience in welfare work; has held important executive positions with the American Red Cross, the Council of Social Agencies, the District Welfare Board; has a host of friends, a pleasing personality and has shown real ability as an administrator for the Division. We predict great things for Mrs. Argo, and the Division.

We feel exceedingly fortunate in the continuance of our very splendid President, M. Luther Mershon, for he has shown a very great interest in the Division as well as the Statewide organization, has and is serving on important statewide committees for the Society, and had a large part in the recent successful reorganization and campaign for the Dade County Community Chest. Mr. Mershon is a very choice President.

Mrs. Eunice Henry, office manager, Mrs. Sanders, Mrs. Lach and others. And of course we are most fortunate in having a grand group of officers, Directors, Sponsors, Woman's Advisory Board members, and the perfectly wonderful Staff of Physicians and Dentists under the leadership of Dr. William McKibben, Dr. Martiele Turner, and others.

M. C. F.

MRS. JOHN MOERI
President, Woman's Ad-
visory Board, South-
eastern Division,
Miami

We are happy too in the selection of Mrs. John Moeri as President of the Woman's Advisory Board, succeeding Mrs. Henry Baird, who made an excellent President in every way.

We are proud too of Miss Melba Bly, the dynamic Superintendent of the Receiving Home at Miami, and her very fine staff of assistants.

We are greatly pleased too with the fine additions to our casework staff at Miami, and just could not function properly without

The Value of the Child

Walter Hines Page

The most sacred thing in the Commonwealth and to the Commonwealth is the child. Whether it be your child or the child of the dull-faced mother it may, for all you know, be the most capable child in the State. At its worst, it is capable of good citizenship and a useful life, if its intelligence be quickened and trained. Several of the strongest personalities that were ever born in North Carolina were men whose very fathers were unknown. We have all known two such, who held high places in church and state. President Eliot said a little while ago that the ablest man that he had known in many years' connection with Harvard University was the son of a brick mason. The child, whether it have poor parents or rich parents, is the most valuable undeveloped resource of the State.

The Northeast Florida (Jacksonville) Division

of the CHILDREN'S HOME SOCIETY OF FLORIDA

This Division gave aid, care, study and supervision to 432 homeless and needy children in 1950 (a much larger number of children than in any other Division in the entire State).

FRANK D. BISBEE, SR.
*re-elected President of the Northeast
Florida Division for 1951.*

President Bisbee says:

1950 was a great year for the Northeast Florida (Jacksonville) Division, for this Division not only extended its services to more needy children than any other Division in the State, but had the great happiness and satisfaction of completing the erection of the four new Receiving Home buildings in South Jacksonville, which undoubtedly are the finest and most beautiful Receiving Homes to be found anywhere. I wish every citizen of Florida would find a way to see these buildings, and the beautifully landscaped grounds, roads, walks, gardens, etc.

We know that the capable Superintendent, Mrs. Mayme Winters, with her fine staff of assistants, will do a grand job for the Division, and that every child referred for care will receive loving, kindly and helpful care.

We were mighty sorry to lose the invaluable leadership and devoted services of Mrs. Jonathan Yerkes as President of the Woman's Advisory Board, but are very happy to welcome her able successor, Mrs. W. Malcolm McCrory, a long-time member of the Board, whose wonderful mother was a charter member of the first Woman's Board many years ago. We know that Mrs. McCrory will be "right on the job" all the time and that all the members will lend their enthusiastic support.

The Division has been most fortunate in securing the services of two very fine, experienced and devoted members of the casework staff in Duval County, Miss LaMittice Pearson of Bonifay, Florida and Mrs. Sara Harris Corse of Jacksonville. We are sure they will prove invaluable in the care of our children in Duval County.

Mrs. Nancy G. Powell, City Field Representative in Jacksonville, deserves special commendation for her never-ending services as medical worker, purchasing agent and countless other duties.

The Open House Reception put on at the new Receiving Home buildings in December was a grand success in every way. Hundreds of Duval County citizens came out to be welcomed by the Woman's Advisory Board, the officers of the Society and the Division, and to see the fine new buildings and spacious grounds. The Barrett Memorial Home for Boys, and the Kiwanis Club Shop and Recreation Building are an important part of the new Receiving Home plant, and look attractive with their new coat of paint. We are indebted to the Community Chest of Duval County for making available all the funds possible each year, and continue to hope that the citizens of Jacksonville will support the Chest more largely each year.

The fine staff of Physicians and Dentists, under the continuing leadership of Doctor Luther W. Holloway, long-time Chief of Staff, will be able to render an even more effective service now that we have the complete new infirmary available. We certainly extend our sincere gratitude to these outstanding physicians and dentists, and thank all the hospitals who accept our children, too.

I believe we are on the way toward an even greater service to the needy little ones of Duval County, and want to thank all my associates as officers and Directors, as well as the CHS staff of workers, for assurances of continuing interest and aid. We are particularly happy to welcome the six new younger business and professional men of Jacksonville, whose services will mean much to our Division, as well as the State organization.

Yours for more and better services,

FRANK D. BISBEE, SR.
President

MRS. MAYME WINTERS
*Superintendent of Children's Receiving
Home in South Jacksonville*

1950 Report of State Superintendent for the Northeast Florida Division

IN ADDITION to the fine statement made by the very active and alert President of the Division, Frank D. Bisbee, Sr., I want to add a few words of commendation and gratitude to all who have aided in any way in making 1950 a really notable year for the Society, and its Northeast Florida (Jacksonville) Division.

The officers and Directors and staff of workers for the Division have done a grand job during 1950, as have our very capable Staff of Physicians and Dentists, and the perfectly fine Woman's Advisory Board, under the leadership of a really rare soul, Mrs. Jonathan Yerkes, who has earned a rest from her many responsibilities, not only as President of the Woman's Board,

MRS. W. MALCOLM MCCRORY
*President, Woman's Advisory Board,
Northeast Florida Division*

but as a member of the important Building Committee, the Special Study Committee of the State Board, and of the Activating Committee, of which Edward W. Lane, Jr., is Chairman. Mrs. Yerkes has given her all, and will long be remembered as one of the most loyal, effective, and delightful Presidents of the Board. We are happy that Mrs. Yerkes will continue as an active member.

I predict a fine and successful administration for Mrs. W. Malcolm (Hilda) McCrory as the new President of the Board, who has grown up in the tradition of the Society since childhood, her beloved mother being well remembered always for her long and faithful service as a member of the Board many years ago.

The Division, and the Society, are fortunate, too, in having the services of Mrs. Mayme Winters as the Superintendent of the entire Receiving Home plant, for Mrs. Winters has been for many years the Superintendent of the old Receiving Home on Riverside Avenue, and has proven her loyalty and executive abilities. Mrs. Sylvia Shearer is another experienced worker, and as Assistant Superintendent is an invaluable person. Other members of the staff at the Receiving Home are performing helpful services, and the

Division casework staff, as well as the secretarial staff, are all rendering a fine service.

Finances our Chief Worry. If the citizens of Duval County would properly support the Community Chest our greatest worries could cease. The actual fact is that the Chest has not found it possible for many years to give to the Children's Home Society of Florida here in Duval County anything like the funds that are absolutely necessary to conduct the Receiving Home buildings and other casework services in Duval County. If it were not for certain bequest monies that have come to the Society, and for other generous contributions from other Counties in the State the services to the needy little ones of Duval County would be very seriously curtailed, and some would have to be dispensed with entirely.

Last year, for instance, out of total necessary expenditures for services in Duval County (not including any funds for new buildings or equipment) the Community Chest was able only to pay the Society a little over \$28,000.00 of the \$93,000.00 and more that had to be used in providing the necessities of life, food, clothing, shelter, medical and other services in the Northeast Florida Division area. We mention this very serious deficit in the hope that the citizens of Duval County will support the Chest more adequately in the future to make it possible for the Chest to grant more funds to our Society. We appreciate sincerely what the Chest has given through the years, but we feel that our friends must know the facts if this condition is to change favorably in the future.

The support of the press in Duval County is deeply appreciated for without it we would not be able to keep the public informed of our activities and vital program of service in this area.

Here's hoping for a better year for the Northeast Florida Division in every way, but particularly financially, during the present year.

Very gratefully,

MARCUS C. "DADDY" FAGG

State Superintendent for over 40 years.

*The balance between the \$28,704.90 and the \$93,312.51 included: Direct Gifts amounting to \$1,861.61; Board for Duval County children, \$8,769.41; Board for children referred from other Counties, \$17,159.55; Refunds, \$410.83. Which means that the Society had to provide funds from other sources amounting to \$36,406.21 during 1950 to meet the needs of the Northeast Florida (Jacksonville) Division, which we have continued to hope could, and we think should, be provided through the Community Chest of Duval County. — MCF

THE SIGN-POST

If you sit down at set of sun,
And count the acts that you have done,
And counting find
One self-denying act, one word
That eased the heart of him who heard;
One glance most kind,
That fell like sunshine where it went,
Then you may count that day well spent.

But if through all the livelong day
You've cheered no heart by yea or nay;

If through it all
You've nothing done that you can trace,
That brought the sunshine to one's face;

No act most small,
That helped some soul, and nothing cost,
Then count that day as worse than lost.

A Boy

A BOY is a bank in which we may deposit our most precious treasures; the hard - won wisdom and dreams for a better world. A boy can guard and protect these, and perhaps invest them wisely and win a profit; a profit larger than you ever dreamed. A boy will inherit your world; all your work will be judged by him. Tomorrow he will take your seat in Congress; own your company; run your town. The future is his, and through him the future is yours. Perhaps he deserves a little more of your attention NOW.

Central Florida Division

OF THE CHILDREN'S HOME SOCIETY OF FLORIDA

With Headquarters at Orlando, gave aid, care, study and supervision to 135 homeless and needy children referred from Orange, Seminole, Lake and Osceola Counties during 1950.

RANDALL CHASE
of Sanford,
President of Central
Florida Division, CHS

MRS. CLAUDE WOLFE,
Orlando, President,
Woman's Advisory Board,
Central Florida Division

☆ ☆ ☆ ☆ ☆ ☆ ☆ ☆

SOME FACTS ABOUT RANDALL CHASE

He has served for more than three years as a member of the Board of Directors and Executive Committee of the Central Florida Division, and for a longer period as a member of the State Board of Directors of the Children's Home Society of Florida.

Mr. Chase is a member of the Central Florida Council, Boy Scouts of America. Chairman of the Executive Board, Fernald-Laughton Memorial Hospital at Sanford.

Member of Board of Trustees of Hungerford School.

Member of Endowment Fund Corporation of The Diocese of South Florida, (Episcopal Church).

Former City Commissioner, Sanford.

Past President, Rotary Club, Sanford.

Director of the American Fire and Casualty Company of Orlando.

An outstanding citizen in every way.

MCF

☆ ☆ ☆ ☆ ☆ ☆ ☆ ☆

Randall Chase Says:

Upon being elected President of the Central Florida Division of the Children's Home Society of Florida, my first thought is to pay a high tribute to Mr. Allen, the retiring President, and his splendid staff who have given untiringly of their thoughts and efforts in making a success of the newly organized Division. It is always a pleasure to work with "Daddy" Fagg, who is known as the biggest "Daddy" in the country. He inspires many, and shows the way to do things that many of us would not otherwise be able to have the satisfaction of accomplishing.

I am not unmindful of the obligations that go hand-in-hand with the honor of serving with such distinguished company and in such a distinguished service. With the splendid organization already set up and functioning, it is an opportunity and privilege to serve such a noble cause. Because of this efficient organization I know of no way that a small amount of effort on my part could accomplish so much.

The splendid accomplishments in the past will be covered in another report. It shall be my goal to insure even greater accomplishments, if they are possible for the ensuing year.

Randall Chase

The new Division Superintendent herewith provides the Annual Report for Central Florida Division, 1950

MRS. MARION H. HART
Division Superintendent
Central Florida Division
Headquarters, Orlando

Our third year of service to families and children in Lake, Orange, Osceola and Seminole counties has been eventful in a number of notable ways, with expansion of the territory in view for the next year to include other neighboring counties.

A profound tribute of appreciation goes to our past President, Linton Allen, the Woman's Advisory Board, headed by Mrs. Claude Wolfe, and to our generous voluntary medical staff headed by Dr.

Charlotte Maguire, also the many members of the Board and its committees, and Sponsors without whose loyal support the Division could not prosper.

Our Division has been active in giving assistance to many community projects focused around the welfare of children including the Orange County Mental Health Association. Its Superintendent served on the Program Committee of the Florida State Conference of Social Work, also on the Steering Committee for the Mental Health Institute in connection with the 1950 Conference. Mrs. Hart also participated in the Rollins College project sponsored by the American Association of Social Workers in offering an orientation course to students interested in the profession of social work.

The past year has been outstanding in the development of increasingly efficient cooperation with other social agencies. We are achieving a well integrated working relationship with the District Welfare Board in meeting the needs of unmarried mothers and their babies with the County Welfare Department also pooling its resources.

Participating in the Orlando Study of Needs and Services to Pregnant Girls and Women as a member of the Community Planning Council, we have accepted leadership in designing analytic tools and methods for this important project which is to extend over an indefinite period. This study is an outgrowth of the Council's Adoption Committee Work. Its findings will attract wide public interest and provide a blueprint for expanding services to bridge the existing gaps in social services. Implemented by these findings the Adoption Committee will be better prepared to act concerning forthcoming state legislation

proposals, and to publicize the importance of adequate safeguards in the field of adoption.

An unduplicated total of 135 individual children from 90 different families were served during the year. Foster care was made available to 22 boys and girls, 18 of whom were placed in temporary boarding homes and four at Montverde School.

Opportunity to live and grow up sustained by family security and parental love was given to 52 children placed in adoptive homes, under agency supervision during this year. Equally involved and also directly benefited by these adoption services were the 208 mothers and fathers, half of whom represent the relieved natural parents who relinquished their children with the help of our agency. While the reciprocal other half is comprised of the privileged adoptive mothers and fathers who were enabled to realize their parental aspirations by our placement service.

We were in contact with 90 families seeking children to adopt through this Society. Forty-six filed their applications during 1950. A total of 76 of the 90 applications were studied with dispositions completed during the past year.

In conclusion, the experience of our Division clearly points to the fact that we receive many more requests to adopt children than babies and children which can be made available.

MRS. MARION H. HART
Division Superintendent

Some Comments by "Daddy Fagg"

FIRST OF ALL, I desire to pay a tribute of very genuine gratitude to the retiring President, Linton E. Allen of Orlando, who has rendered a really outstanding service to this, the latest of the Society's five Divisions, The Central Florida Division, with headquarters at Orlando, and to the state-wide organization as well.

Linton Allen became the first President when the new Division was organized in 1947, and has given unstintingly of his time, thought and services, and has brought to the Division the confidence of all the finest citizens in the Central Florida area. There is no adequate way to measure the real value of the influence and services of this great banker, active churchman and civic leader. We are exceedingly sorry to lose his services and leadership, and our hearts are filled with gratitude for his wonderful co-operation which he assures us we can continue to count upon.

New President is very wonderful, too.

Though the Division has lost a great leader, we have every reason to rejoice in the selection of his successor, for Randall Chase is also a truly fine, capable and community-minded citizen who will make another wonderfully fine President.

Randall Chase comes from a choice family, all of whom are noted for their character, integrity, and for their willingness to serve. Randall Chase has been a long-time friend of the Children's Home Society of Florida, a member of its State Board of Directors for several years, as well as a Director of the Central Florida Division. We are proud and happy to have another A-1 citizen as President of the Central Florida Division.

Mrs. Marion H. Hart, new Division Superintendent

Once again we are most fortunate in having the fine experience, education and training of a very fine child welfare executive in the person of Mrs. Marion H. Hart of Winter Park, Florida. Mrs. Hart has a wonderfully fine background of education, training and experience in the welfare field; has held important executive positions in Florida, Pennsylvania and Colorado, and understands the philosophy of child placing services well. Mrs. Hart has already demonstrated her many abilities, and will make a wonderful executive for the Central Florida Division.

*Dr. Charlotte Maguire, Chief of Staff of
Physicians and Dentists*

Good fortune certainly favored the Central Florida Division and its children, particularly the wee babies coming under our care, for Dr. Charlotte Maguire is not only one of the most experienced and capable pediatricians in Florida, but is so human, so willing to give of her best to every "one of the least of these." We thank you, Dr. Maguire, and all the members of the very fine staff of Physicians and Dentists for your invaluable services.

We Have A Good Office Secretary, Too.

Miss Rhea Mons has been in charge of the office, the records, the bookkeeping and secretarial work since the Central Division was organized, and is doing a fine job in every way.

The Woman's Advisory Board Helps Greatly

Mrs. Claude Wolfe, the capable President of the Woman's Advisory Board of the Central Division, is rendering a very fine service, together with a very choice group of unusually fine members of the

Board, all of whom are glad to render any service they can. The Board is a very important part of the organization, and is helping to interpret the work of the Society to many who have not known of its high standards of service, its great care in giving special service to each and every child referred for care.

Officers, Directors and Sponsors are rendering great service

No organization in Central Florida can boast of a finer group of citizens than the grand group of men and women who serve as officers, Directors and Sponsors in Orange, Seminole, Lake and Osceola

Counties. We are proud of, and grateful to them all.

Central Division area may be enlarged

There is some consideration being given to increasing the number of counties in the Central Division area, also the possibility of increasing the present number of Divisions from five to nine in the hope of giving more prompt and effective services to children and to families applying for children. The Divisions Executive Committees will give some serious thought to this matter reasonably soon. Meanwhile Mrs. Hart will continue to give her best efforts to the present four counties, and will welcome all the support and helpful co-operation offered.

M.C.F.

Twenty-Three Hundred Sponsors

IN ALL PARTS OF THE STATE OF FLORIDA AGAIN MAKE AN IMPRESSIVE RECORD DURING 1950. PLEASE TURN THE PAGE TO NOTE THE RESULTS OBTAINED BY COMMITTEES OF SPONSORS IN YOUR COUNTY.

*M*rs. Samuel Ogren, the very wonderful and successful Chairman of the Sponsoring Committee for the Children's Home Society at Delray Beach, made the report for all of the Sponsoring Committees throughout the State at the forty-eighth annual meeting of the Society held in Jacksonville, Thursday, January 25th. Mrs. Ogren also reported for her own Committee at Delray Beach for 1950, which showed that her very effective direct letter of appeal campaign had brought in a total of \$1,166.94 on the Delray Beach quota of \$150. Each year for several years the receipts from these remarkably fine and appealing letters have been between a thousand and fourteen hundred dollars, which just goes to show what one "live wire" Chairman and a loyal interested committee can accomplish. How we wish every Chairman in the entire State would work as faithfully and be as successful as Mrs. Ogren. We will miss her dreadfully now that the Ogren family has moved to Windermere, where we know Mrs. Ogren will continue to serve the CHS and its needy children.

The quota for all of the Statewide Sponsoring Committees for 1950 was \$27,740, and the amount raised was \$60,370.80. This impressive report was made by Mrs. Ogren at Jacksonville and gave the huge audience present a real thrill. This record just goes to show that the Home Society is still highly regarded all over Florida and that the citizens of the entire State have complete confidence in the Society, its staff of workers, its officers, Directors, and Sponsors. We earnestly hope and pray that the amount raised during the present year will be very

MRS. SAMUEL OGREN
Delray Beach

much larger to help the Society meet the increasing demand for its services to children, and to meet the rising costs of all foodstuffs, children's wearables, etc. Our sincerest thanks to every Sponsor everywhere in Florida.

☆ ☆ ☆

Little children . . . deserted, homeless, sick, crippled, hungry . . . youngsters from homes broken by death, separation, desertion and unemployment, . . . little folk who are victims of degrading surroundings and vicious companionship; . . . receive the skilled and sympathetic care of the Children's Home Society of Florida.

Can there be a better investment in the community's future than the care and protection of our future citizens?

"The greatest privilege of a human being is to be able to do good."

—VOLTAIRE.

The Future

FLARE

*of The Children's
Home Society of
Florida is a Future of
Expanded and Finer
Service to "Florida's
Needy Childhood."*

*T*housands of utterly homeless Florida children have been placed in the choicest adoptive family homes in Florida. How about an older child for YOUR home?

*I*T is the constant aim and purpose of the officers, Directors and staff of carefully educated, trained and experienced child welfare workers in all parts of the State to render not only a larger, but a better service, to each of the more than fifteen hundred Florida children of all ages from wee babies to boys and girls sixteen years of age, of every creed and belief, who are referred to the Society for aid, care, study, supervision and individual services, from every County in the entire State each year.

TO THIS END the Society is increasing its staff of trained and experienced

child welfare workers in order that the services of these capable, conscientious and devoted workers will be available more promptly, and with more effective results in the life of every child entrusted to the Society's care and study.

THESE EXPANDED SERVICES can only be made available through the increased interest and support of many thousands of Florida's finest citizens, men and women who are *genuinely interested* in providing for each and every homeless and needy child the very best opportunity that life can offer anywhere.

YOU AND YOUR FAMILY, your Church, club, lodge, or other group are urged to become *active partners* in a *truly great and lasting service this year* and each succeeding year. The only limits to our services are the funds that are made available through your Community Chests, and otherwise.

"THERE WILL ALWAYS BE A CHILDREN'S HOME SOCIETY OF FLORIDA"

FLARE

31262082983098

*Over
56,000
Florida
Children...*

HOMELESS, HELPLESS, NEGLECTED, MISTREATED, CHILDREN of all ages, of all creeds, were given aid, care, study, supervision, from 1910 to 1950 by The Children's Home Society of Florida, "Florida's Greatest Charity." 1546 little ones were aided during 1950.
